= **ANIMALWATCH** (rare ribbon seal); **INFObits** (Olympians without a country); **CPTWATCH** (Palestine); **SYRIAWATCH** (Minorities); **BLIGHTYWATCH** (Minis); **WORDWATCH** (Abecedarian insult); **HERITAGEWATCH**; **MAIKU**; **SALMAGUNDI** (music; ^\_^ chip bandits; coffee life) leading to **QUESTIONS/QUOTATIONS/THOUGHTS/PUNS/JOKE**

=== **Vive le CANADA** ===

Go Canada Go! Olympics in London open July 27

=== **from the EDITOR'S DESK** ===

~ (Four of us) So far still unsuccessful in mtg with staff for details on lease vs sale of 1300blk

~ Report on the mtg re the **intersection at MDr & TWay** is in **INFO & UPDATES** below

~ At the end of the July 9 ccl mtg (see transcript), reference was made to praise re the Annual Report (aka budget/finance) and most agree it has improved, however I did receive a detailed response, part of wch follows:

**2. 2011 Annual Report:**

- a. An error of significant magnitude was found in Note 9 of the audited financial statements; the error was \$ 1M.
- b. It was found in the June 1st version of the audited financial statements and staff were notified.
- c. Answer given was that the \$ 1M error was a transcription error which overstated the amount of "unappropriated surplus" by \$ 1M.
- d. The annual report publication was removed from the website and replaced by a corrected version.
- e. The Auditor signed and dated his opinion letter, June 4, 2012, the day of the Finance Committee meeting -- the day the \$ 1M error was reported.
- f. The original draft opinion letter is dated May XX, 2012, anticipating a date wch conforms to the date of submission of audited financial stmts by Ms called for by the Cmnty Charter at Part 6, s. 167, viz.

Annual financial statements

167 (1) Municipal financial statements for a fiscal year must be

- (a) prepared by the financial officer, and
- (b) presented to Council for its acceptance.

(2) Subject to subsection (3), the financial stmts must be prepared in accordance with generally accepted accounting principles for local govts.

(3) The inspector may require or authorize, generally or for a specified M, that the financial stmts vary from or include add'l information to the requirements of subsection (2).

(4) By May 15 in each year, a M must submit to the inspector its audited financial stmts for the preceding year and any other financial information requested by the inspector.

(5) In add'n to any requirement under subsection (4), the financial officer must compile and supply information on the financial affairs of the M requested by the inspector.

g. The item #8 referred to below is the Annual Report from the June 25th council meeting agenda. If you look at both the June 4th agenda item (#7) and the June 25th agenda item (#8) side by side. You will see that Note 9 in the June 1st

(June 4 council package) report is repeated in Note 9 of the Annual Report 'Draft' included in the June 25th meeting council package without correction despite having been informed of the error on the 4th of June. The error does not appear on page 34 of the Annual Report (June 25th item #8) – it shows on page 54 (page 70 of the council package) and there has been no 'numerical correction', the error that appears in the June 4th item #7 also appears in the June 25th item #8.

h. The error has been characterized as a 'transcription' error and it is further stated that the original audited stmts do not contain the extra \$ 1M. There has been no independent check performed to verify these characterizations.

3. The sabotaged 2012 financial plan bylaw does need to be pointed out to council, and it should be done.

*{hope to have updated information for WVM15}*

## == FINANCIAL INFORMATION ACT REPORTS Staff \$\$\$

The Financial Information Act regulations require all local govts, to make available to members of the public certain detailed financial schedules in addition to the regular year end financial statements of the District. This information consists of detailed listings of:

**Remuneration and expenses for all members of Council**

**Remuneration and expenses for all employees with salaries in excess of \$75,000**

Payments aggregating in excess of \$25,000 to suppliers of goods and services

A statement regarding any employee severance agreements in effect for the year

A separate requirement under the Community Charter is to report details of all permissive property tax exemptions for the year. For convenience, that report is included with the FIA schedules.

[2011 Financial Information Act Report](#) (PDF, 20 KB)

*The rest are at -- <http://www.westvancouver.ca/Level3.aspx?id=5242>*

## +++ Cutting of OLD GROWTH and the BLACK CREEK Diversion

OGCS is upset at the "unfathomable action" of cutting old growth trees in the Upper Lands by the District of West Vancouver for the Black Creek Diversion Project. It caused the District to release a statement to the media: <http://www.westvancouver.ca/Government/Level3.aspx?id=39838>

Info was in the newspaper:

<http://www.vancouver.sun.com/news/Cutting+growth+trees+disastrous+mistake+biologist/6828344/story.html>

The Black Creek Diversion Rehabilitation Project Report can be found at:

[http://www.westvancouver.ca/uploadedFiles/Your\\_Government/Agendas\\_and\\_Minutes/2012/July/12jul9-6.PDF](http://www.westvancouver.ca/uploadedFiles/Your_Government/Agendas_and_Minutes/2012/July/12jul9-6.PDF)

The staff/consultant's report says the ages of the trees were from 65 to 285 years but an article in NSN said a tree as old as 700 had been cut.

After the July 9 ccl mtg, when I queried that b/c I wanted to know what was right, Cclr Gambioli said in any case, any tree over 250 years is considered old growth.

### In my attempts to research, here's a detailed report I received:

T.K. Mac Inventory of timber from site.

I assume that many of the stumps and some of the logs were missing from inventory.

14 Western Red Cedar stumps counted with a diameters up to 72 cm. Yet the bottom cut of the largest Cedar log is only 64 cm. (32r) Where did the biggest logs go?

62 Western Red Cedar logs were listed. There should be more stumps to be added to the list even if you got three logs per stump.

11 Cypress stumps counted with a diameters up to 84 cm. Yet the bottom cut of the largest Cypress log is only 70 cm. (35r) Where did the biggest logs go?

37 Cypress logs were listed. There should be more stumps to be added to the list even if you got three logs per stump.

7 Douglas Fir stumps counted with diameters up to 82 cm. Yet the bottom cuts of the largest Fir logs are 104, 98, 96, & 94 cm. Where did the big stumps go?

16 Douglas Fir logs were listed. Stump to log count is close probably only four stumps missing.

37 Hemlock stumps counted with diameters up to 64 cm. Yet the bottom cut of the largest Hemlock logs are 88, 82, 80, 78, 70, 66, 62, & 62cm. Where did the big stumps go?

133 Hemlock logs were listed. There should be more stumps to be added to the list even if you got three logs per stump.

To summarize I'd estimate that some of the largest Cedar and Cypress logs were missed in the count.

The 69 stump count is low by a count of ~60 - 80 that were probably ground up already on site.

**If anyone can shed further light on this, it wd be v much appreciated.**

## === UPDATES & INFO ===

### + TAYLOR WAY AND MARINE DRIVE INTERSECTION Open/Info Mtg (July 18)

#### > One Reader wrote:

The majority of attendees were from Ambleside and Sentinel Hill. No one attended west of Dundarave.

1. The land is owned by Larco and they want to put an application forth this fall.
2. They plan two towers, 18 and 24 storeys, with a maximum of 300 - 320 suites.
3. They'll have 10Ksf mixed ground-level usage and 10Ksf public amenity space.
4. They hope to break ground in 2014.

They put notices of meetings in the North Shore News.

*{In view of this, WVM will request being put on info/media list.}*

**> Another Reader wrote:**

Here is my input:

- = Current WV Zoning permits three storeys on the triangular piece of land basically where the White Spot currently sits. It is not First Nations land. I forgot to ask the question on the SFR for the proposed towers.
- = The shape makes for some building challenges according to one on the presentation team:
  - o The access will be from the back side of the triangle on Park Royal land.
  - o It appears the building setbacks are minimal on both Marine Drive and Taylor Way. Not like the condos to the east (leased municipal land) that have extensive landscaping and a large water feature.
  - o The underground parking stalls on a triangle with the support columns for dual high rises will be a challenge.
  - o The ground floor on a corner site is not suitable for residential; thus a mixed-use building with retail/offices on the ground floor.
  - o The second floor is proposed as "Community Amenity", again not suitable for residential.
  - o "Green Roof" may offer space for a daycare facility.
  - o Building appearance and design are still conceptual.
- = I spent most of my time addressing traffic with the traffic consultant (as did many others in the room)
  - o Currently Park Royal has about seven driveway accesses to Taylor Way on the west side south of Marine Drive.
  - o The access to the White Spot closes under this proposal; thus the new access is from the back side of the triangle.
  - o The driveway in front of Kin's Market (relocated site) remains.
  - o The next driveway leading to the ramp for the parking decks closes as it is a conflict point and the east end of the parking structure (two more levels are being added) is being reconfigured.
  - o A new traffic light is being installed at the next access to Taylor Way from the frontage road (Indigo Books)
  - o The next access at the stops signs leading to the bridge over the Capilano River remains. This becomes the main road east/west across the front of the shopping mall. It connects to another traffic light by Home Depot and the entrance to the Village as pedestrian traffic here is a problem today.
- = Several people from the towers east of this proposed development attended expressing their concerns for traffic waiting at the Marine and Taylor Way light blocking the access to their driveway; stating it will get worse. Others from this condo site expressed concerns about loss of view to the west with the proposed high rises.
- = At least one person was an employee of White Spot concerned about timing for when White Spot would close.
- = Most attendees raised issues on increased traffic, noise, and air pollution from increased vehicle traffic.

*{The WVM editor can't wait to find out what the Uplift is.}*

**> INTERSECTION AT PARK ROYAL [DWV Press Release]****Project Overview**

Park Royal has received approval from the District and is now constructing a new intersection on Marine Drive. The project, which is the culmination of two years of planning and discussions with the community and key stakeholders, will replace the existing vehicular and pedestrian overpasses situated to the north of the North Shore Credit Union branch.

The new intersection provides enhanced safety and accessibility for pedestrians, cyclists, public transportation, and first responders, as well as better north/south and east/west vehicular movement through the all-turns at-grade signalization.

The following Council Reports provide background on this project.

[March 28, 2012 \(Report to Council\)](#) and [September 26, 2011 \(Report to Council\)](#)

**Latest Update**

The new intersection will provide a new all-turns at-grade signalized pedestrian crossing and vehicular access across Marine Drive that will improve accessibility for pedestrians, cyclists, public transportation, first responders, and vehicles. It will be constructed in accordance with the principles and objectives set out in DWV's Strategic Transportation Plan. In the short term, on a portion of the median on Marine Dr, 12 Scarlett Oak trees need to be removed, as well as the shrubbery and the chain link fence. These will be replaced with eight (or nine) large trees of the same species for a maximum net loss of four on the median. Overall, PKR are removing a total of 96 trees and replacing them with 199 trees.

In the long term, Park Royal is committed to investing significantly in the new landscaping and trees that will be planted on the median, along with a new architectural fence and new lighting that will complement the landscape treatments along Marine Drive. [Project Information Factsheet](#)

**=== CALENDAR to August 18th+ ===**

All mtgs are at M Hall unless indicated otherwise. NOTE: shown are mtgs known at this date; often there are additions, changes, cancellations after WVM goes out. Check the DWV Calendar: <http://www.westvancouver.ca/Calendar.aspx> . Notices/mtgs/changes too late/early for an issue are sent to subscribers. [See mtgs etc in the Headsup notices sent between issues of WVM..]

**ONGOING:**

- + Join us for Summer of Cinema and Song on the WV waterfront. Bring a chair or blanket and enjoy live music as the sun sets or watch a great film in the park! Concerts by the Sea started July 8 <http://www.westvancouver.ca/Level3.aspx?id=40228>  
**Summer of Song:** 7pm on Sundays at the Ferry Building Landing (foot of 14th Street)  
**Cinema in the Park:** 9:15 p.m. at John Lawson Park  
\* **NOTE:** Films will take place during the [Harmony Arts Festival](#) so be sure to come early and check out all the festivities.

**+ City Conversations**

Bring your lunch, and settle in to listen to the most knowledgeable people we can find on the most current topics affecting Vancouver and the Lower Mainland. Whenever possible, we'll try to provide experts with contrasting views, to get the facts out front and the conversation rolling. Then ask your questions and present your opinions, so we all can learn from each other.

Make it a habit to drop by **the first and third Thursday of each month**. We start promptly at **12:30 PM**, and end promptly at 1:30 PM, so you can get on with the rest of your day. No fees or registration.

City Conversations are a presentation of SFU Public Square. Sponsored by Bing Thom Architects and SFU Vancouver. Thanks to Wild Rice Restaurants. [More information](#) Visit [www.sfu.ca/city](http://www.sfu.ca/city) for details.

Thank you.

**=== Saturday/Sunday July 28 and July 29****Bioblitz 2012 - Alpha Lake Park**

This year's Bioblitz - two days of immersion in Whistler's incredible environment accompanied by a plethora of local and out of town scientists and experts.

BioBlitz is a 24-hour race against the clock to count as many species as possible — mammals, birds, plants, frogs, fish, bugs — you name it. A BioBlitz introduces people to real (and fun) science and the amazing diversity surrounding us. The concept of BioBlitz was created by Harvard biodiversity icon E.O. Wilson to raise awareness of the huge diversity of animals and plants, even in developed areas. Since its creation, annual BioBlitzes have spread throughout North America. The Whistler Naturalists are proud to have presented the first BioBlitz here in 2007.

The BioBlitz targets alpine and valley ecosystems across Whistler. Results from the BioBlitz will contribute to the Whistler Biodiversity Project, a multi-year, multi-group effort to catalogue and protect our native biodiversity. The genius of BioBlitz is it takes a fun and competitive approach to science. The 24-hour, round-the-clock format leads to a frenzy of activity as the number of organisms grows ever higher. There will be something to entice people of all ages at numerous survey sites. More Information & Schedule: <http://www.whistlerbioblitz.ca/>

### === Friday August 3

#### HARMONY ARTS FESTIVAL -- August 3 to 12

The HAF celebrates its 22nd anniversary, highlighting the talent of NSH artists, sharing the value of arts appreciation and creation and building community pride and participation. Experience the arts through exhibitions, demonstrations, concerts, an art market and hands-on activities - all for FREE!

For details on performers, events, festival locations, please visit the 2012 [Harmony Arts Festival Website](http://www.harmonyarts.ca)

--> Ambleside Landing, John Lawson Park, and other seaside venues **Info:** T 925-7268, F 925-5992, [www.harmonyarts.ca](http://www.harmonyarts.ca)

### === Monday August 6 (BC Day)

~ noon - 4pm ~ Open House at **Lighthouse Park** with guided tours of the lower part of the tower

The Point Atkinson Light Station Tours will start on the hour from noon to 3pm with no public access to the tower interior. They will highlight the Radio Room/Fog Alarm Building, which houses information on the history of the Light Station, its workings, and the life of its keepers. Mention will also be made of the role of the (Royal) Canadian Armed Forces at the Light Station during World War II and the current status of this National Historic Site. People should register by leaving their names and contact information with [pointatkinsonpals@hotmail.com](mailto:pointatkinsonpals@hotmail.com). Meet at the station gate.

See [www.wvhs.ca](http://www.wvhs.ca) for information

### === Thursday August 9

~ 8:30am ~ 12th Annual Junior Golf Tournament, Ambleside

### === Saturday August 18

~ 2 - 4pm ~ Royal Tea by the Sea in Dundarave Park ([royalteatea.ca](http://royalteatea.ca) or [www.heritage.westvan.org](http://www.heritage.westvan.org))

This year celebrating the Jubilee! Heritage West Van is already taking reservations (wch will be limited):

Video clips and trailers -- <http://www.youtube.com/bardonthebeachfest>

***The Taming of the Shrew*** -- on till Sept 22

Directed by Meg Roe · Shakespeare's romantic romp, *The Taming of the Shrew*, shines a comic spotlight on the pleasures and perils of the search for the perfect mate. Beautiful Bianca has no shortage of admirers, but she can't marry until her headstrong sister Kate finds a husband. Along comes the fortune-hunting Petruchio, who is determined "to wive it wealthily in Padua" and sets out to capture the heart of the fiery-spirited Kate. Petruchio and Kate face off in a crackling battle of wits, while three enthusiastic suitors launch their own devious campaigns as they vie for Bianca's affections.

***Macbeth*** -- on till Sept 20

Directed by Miles Potter · Seductive prophecy and devastating ambition are the forces that drive this dark and powerful tragedy. When three witches foretell that Macbeth will be King, the warrior lord and his ruthless wife decide to act on the prediction by murdering the rightful King Duncan in his bed. Reality and fantasy blur and blood begets blood, until Macbeth is finally undone by the very prophecies that tempted him to seek ultimate power.

***Merry Wives of Windsor*** -- Studio Stage; on till Sept 21

Directed by Johnna Wright · It's 1968 in Windsor, Ontario and English ex-pat Sir John Falstaff is hunting for a romantic solution to his money troubles. He sends an identical love letter to two wealthy local housewives, hoping to seduce them and enjoy their fortunes - with no clue that the two are best friends. Neither has any intention of cheating on her husband, but together they lead Falstaff on while plotting their hilarious revenge.

***King John*** -- Studio Stage; on till to September 19

Directed by Dean Paul Gibson · Six generations before the Wars of the Roses, the early Plantagenets had a succession problem of their own. Shakespeare's *King John* is a powerful tale of intrigue, ambition, and tough moral choices for some of his most compelling characters. A usurping king, his innocent young nephew, a heroic 'bastard' and a passionate mother all vie for our sympathies in a high-stakes game where the winner takes crown and kingdom.

+ **Carousel Theatre Company**

Teenagers from CTC put on *The Tempest* at Performance Works (outdoor stage)

7:30pm Mon to Sat (2pm Sat matinees) July 27 to Aug 11

+ **July News from Pi**

*Come to the Theatre - Bring a Carrot*

If the first two sold-out shows in the *Obstructions* theatre series are any indication, *Radix Theatre's* turn in the spotlight on **July 28th** will be a hot ticket.

Inspired in part by the film *The Five Obstructions*, by Jørgen Leth and Lars Von Trier, *Obstructions* is a new project from *Progress Lab*, the group behind the wildly popular and innovative HIVE series. The obstructions for each company have been developed in secret by their peers as a custom-designed set of obstacles that will prompt each artist to consider new approaches to making theatre.

Last month *Felix Culpa* gave us an artistic wedding using a controversial 100 words. On July 28th Radix takes up the challenge with these obstructions:

1. Andrew (Laurenson) must revisit and answer the central question of *Beutfl Prblms*;
2. In the style of French farce;
3. Using a set made of carrots.

*Obstructions* Radix A Progress Lab Initiative

**Saturday July 28th -- 7:30pm** - doors open 8pm - Radix event -- Immediately after the show

-- Judging, *Theatre Conspiracy* receives their obstructions and party into the night! [PL1422](http://PL1422) 1422 William St.

**Note for Audience Members: Please bring one or more organic carrots and a non-perishable donation to the food bank Dress: Peasant / Farm style**

**Tickets are extremely limited! Get them now for only \$16.00 [here](#)**

**About Radix** Under the guidance of Artistic Director Andrew Laurenson, Radix creates interdisciplinary site-specific theatre characterized by dynamic physicality, seductive visual design, and provocative content. The company has created a new production at least once every year since its inception in 1988, inspired by such issues as environmental degradation, sexual repression, car culture, and terrorism. Find out more about Radix [here](#).

*Come Get Bouchewhacked at The Cultch!*

Pi are pleased to support our friends *BoucheWHACKED! Theatre Collective* and *Neanderthal Arts Festival* as they present the West Coast English Language premiere of the Governor General Award winning play *The List* by Jennifer Tremblay. Translated by Shelley Tepperman. Featuring France Perras. Directed by Jack Paterson.

In this site specific production, a woman rebels against her daily list of chores, only to find that she neglected to take care of the one task that may have led to her friend's death.

**Tuesday to Sunday, July 19 - 26** Tickets \$14 604 251 1363 *Limited Seating*

[VSO] MusicFest Vancouver presents the Odlum Brown Gala Opening Concert:

#### Here to Stay: The Gershwin Experience

wch launches MusicFest Vancouver with the Canadian premiere of a multimedia concert event at the historic Orpheum Theatre that celebrates one of the greatest teams of collaborators in the history of American music.

Our guide for this glittering evening is the renowned pianist and Gershwin interpreter Kevin Cole. The brilliant singer Sylvia McNair, vocalist/tap sensation Ryan VanDenBoom, and our own Grammy Award-winning Vancouver Symphony Orchestra led by guest conductor Leslie Dala, join together for this unique and entertaining insight into the legendary duo, George and Ira Gershwin.

Gershwin family photos, rare video clips, and elegant, visual elements provide a distinctive and unique experience, plus there will be an unforgettable offering of the Gershwin brothers' best. Performances include *The Man I Love*, *I Got Rhythm*, *Strike Up the Band*, *Summertime*, *'S Wonderful*, and many more.

>>> This week's Festival Sneak Peek is our opening concert: a moving chamber recital of works for soprano and keyboard.

### Lovesick: Music of Monteverdi's Time

**Sunday July 29 at 8pm** Pre-concert introduction at 7:15

Roy Barnett Recital Hall, UBC School of Music, 6361 Memorial Road, UBC campus

**Ellen Hargis** soprano; **Christopher Bagan** harpsichord & chamber organ

"Let the glance strike me; but let the laughter heal me", wrote Claudio Monteverdi. Our Festival opens with a concert exploring the sorrows of love. Featuring Italian music from the very beginnings of opera, this performance delves into the madness and jealousy associated with unrequited passion and the healing that comes with time. Ellen Hargis's expressive voice, paired with Christopher Bagan's accomplished keyboard playing, brings this music to vibrant emotional life.

>>> This week's Festival Sneak Peek is a breathtaking concert of chamber music both virtuosic and lyrical:

### The Early Moderns: Extravagant and Inventive Music of the 17th Century

**Sunday August 5 at 8pm** Pre-concert introduction at 7:15

Roy Barnett Recital Hall, UBC School of Music

Quicksilver ensemble for seventeenth-century music:

Robert Mealy & Julie Andrijeski *directors*;

Julie Andrijeski *violin*; Robert Mealy *violin*; Greg Ingles *trombone*; Dominic Teresi *dulcian*; Charles Weaver *theorbo*;

with guest Christopher Bagan *harpsichord & chamber organ*

#### Quicksilver

Parents, it's more okay than ever to raise your children to play the dulcian and theorbo. -- Laurence Vittes, [huffingtonpost.com](http://huffingtonpost.com) Quicksilver, renowned for their sense of freedom and discovery, is dedicated to exploring the rich chamber music repertoire of the early modern period: a time of incredible social and scientific change. All old friends, the performers of Quicksilver are dedicated to exploring the full possibilities of this rich and little-known repertoire, full of startling colours and sonorities.

**Their Festival appearance marks Quicksilver's Canadian debut**, featuring works by Johann Kaspar Kerll, David Pohle, Antonio Bertali, and more. Join us for a spectacular performance: full of vivid, virtuosic playing and a profound commitment to making music matter.

>>> This week's Festival Sneak Peek is the first Vancouver performance by a flawless and richly expressive ensemble:

### Sweelinck and Gesualdo: Masters of the Madrigal from North and South

**Wednesday August 8 at 8pm** Pre-concert introduction at 7:15

Roy Barnett Recital Hall, UBC School of Music

Gesualdo Consort Amsterdam:

Stephanie Petitlaurent *soprano*; Nele Gramß *soprano*; Marnix De Cat *alto*; Marcel Beekman *tenor*;

Julian Podger *tenor*; Harry van der Kamp *bass and artistic direction*

with the participation of Alexander Weimann *harpsichord*

This remarkable performance brings together the music of two extraordinary composers from very different backgrounds. Carlo Gesualdo was an Italian nobleman, notorious for the murder of his wife and her lover, and for the extravagant and experimental nature of his music. Jan Pieterszoon Sweelinck was a Dutch church organist and teacher known as the Orpheus of Amsterdam. In this concert, the Gesualdo Consort Amsterdam and Alexander Weimann come together to explore the music of these captivating composers, which spans the transition from the Renaissance to the Baroque.

For more information, please visit: <http://www.earlymusic.bc.ca/CF03-Gesualdo.html>

Check out this Gesualdo photojournal: <http://www.newyorker.com/online/blogs/culture/2011/12/a-gesualdo-photojournal.html>

Nature only recognizes balance and imbalance."***Sunday July 29th****Whytecliff Park, West Vancouver** (An event for Nature Vancouver)

Trip leaders: David Cook &amp; Katharine Steig

**Meet:** 10am at Concession stand near the main parking area of Whytecliff Park. Duration: ~4 hours including lunch.

Hiking conditions: The bluffs and island are rugged, rocky, and slippery if wet. There is a short, moderately steep climb to the forested Panorama Ridge. Difficulty rating: A4 &amp; B4 (see Nature Vancouver website for ratings:

[www.naturevancouver.ca](http://www.naturevancouver.ca/)).

Description: Whytecliff Park is a District of West Vancouver seaside park which borders Canada's first salt-water Marine Protected Area. We will hike along the bluffs, beaches, and forest trails with a side-trip out to Whyte Island at low tide. Some highlights will be views across Howe Sound, grand firs, old growth Douglas-firs, basking seals, and precious plant

relicts of "Gulf Island" habitat such as Alaska rein orchid and chocolate lilies.

info@parkroyalconnected.com

2012-07-15 - North Shore News - A9

## COMMUNITY NOTICE LANDSCAPING IMPROVEMENTS ON MARINE DRIVE

Several trees have been removed on a portion of the median on Marine Drive. This is part of the overall improvements to Marine Drive, which includes the construction of the new intersection, introduction of new bus looping and layovers, and the installation of new sidewalks and cycling lanes. We have worked closely with the District of West Vancouver and have been able to repurpose a number of the trees removed, and will continue to seek ways to reuse what is removed.

In the fall of 2012, new trees will be planted, the landscaping will be upgraded and a new architectural fence and lighting will be installed along Marine Drive. These new features will compliment the landscape treatments along Marine Drive with the overall goal being to elevate the look, feel and character of Marine Drive from Taylor Way to Pound Road, making the entry and exit from the community a better experience for residents and guests.

The new intersection is expected to be open by September 2012 and in the meantime, the west overpass is fully operational.

For further information and updates, please visit [parkroyalconnected.com](http://parkroyalconnected.com).

## MORE on MUNICIPAL FINANCES

+ NSN reported: <http://www.nsnews.com/news/Municipal+brass+balloon/6948887/story.html>

+ ITAC added: Over the five-year period 2005 and 2010, inclusive, those DWV employees who were being paid in excess of \$100K as of 2005 received, on average, a thirty-five per cent salary increase (ie. seven per cent a year for five years running), and over 80 % of the DWV operating budget now consists of employee salaries and benefits.

Never mind that our community has seen virtually no population growth for a decade or more, that local inflation has been running at less than three per cent a year throughout the period in question and that, as of 2008, our society has been hit with the worst economic crisis since the 1930s. This situation is as unacceptable as it is unsustainable.

+ ITAC recommended: In West Vancouver, come September our Council will evidently be giving senior staff direction concerning our District's operating budget for 2013. Take this opportunity to give our Council some direction of your own concerning what you'd like to see this budget look like. How about beginning with a five per cent reduction in the District's supervisory and managerial payroll?

It's your money. If you care about what is being done with it, e-mail [mayorandcouncil@westvancouver.ca](mailto:mayorandcouncil@westvancouver.ca) today.

++ WVM had a link in WVM14 so you could see the salaries/remuneration:

[http://www.westvancouver.ca/uploadedFiles/Your\\_Government/Financial\\_Information/Reports/Financial\\_Information\\_Act\\_Reports/2011\\_FIA\\_EMPLOYEE\\_REPORT.pdf](http://www.westvancouver.ca/uploadedFiles/Your_Government/Financial_Information/Reports/Financial_Information_Act_Reports/2011_FIA_EMPLOYEE_REPORT.pdf)

## ~ THEATRE COMMENTS ~

### BARD

Thursday July 5: Opening night of **Merry Wives of Windsor** was a hoot and got a standing ovation.

Buy your tix now; it was sold out and is bound to sell out all summer.

A jolly romp.

### JAC

Friday July 6: Opening night of Ben Jonson's **The Alchemist** (written 1610) was a rare experience. Well done, though esoteric. The actors fluidly spoke convoluted and linguistically complex words and lines -- a truly awesome accomplishment. Con men are known to try to bedazzle and fool with complicated terms and language. Man's faults are constant. The sexy babe was a bit of icing. This play is a challenge and we really admire the Ensemble Theatre Cooperative for putting it on. Had to concentrate so my ears and mind cd adjust and then relax in the second act to get the humour.

From Wikipedia:

Jonson's best and most characteristic comedy; [Samuel Taylor Coleridge](#) claimed that it had one of the three most perfect plots in literature. The play's clever fulfillment of the [classical unities](#) and vivid depiction of human folly have made it one of the few Renaissance plays (except the works of [Shakespeare](#)) with a continuing life on stage (except for a period of neglect during the Victorian era).

## === COUNCIL NOTES Monday July 9th ===

**BEST EFFORTS!** As you know I type while they speak. Lots of abbreviations (see the glossary) and gaps. The timestamps let you know approximately where you'll find the item/discussion when watching the videotape on the DWV website, so you can get the points/exchanges in full. Sometimes you'll see xxx indicating something that's missing so you don't think there was no further comments/information given. (Clarification/corrections welcome.)

## ~ SPECIAL COUNCIL meeting NOTES ~

Note: At 6pm the sp Ccl Mtg will commence in open session (in the MFCR), immediately followed by a motion to exclude the public. At 7pm the open session will reconvene (in the Council Chamber) for consideration of the scheduled agenda items.

1. Call to Order.

### EXCLUSION OF THE PUBLIC

2. RECOMMENDED: THAT in the public interest, public be excluded...: 90. (1):

- (a) personal information about an identifiable individual who holds or is being considered for a position as an officer,
- (e) the acquisition, disposition, or expropriation of land or improvements, if the council considers that disclosure could reasonably be expected to harm the interests of the municipality;
- (k) negotiations and related discussions respecting the proposed provision of a municipal service that are at their preliminary stages and that, in the view of the Ccl, could reasonably be expected to harm the interests of the municipality if they were held in public.

**Purpose of meeting: board applications, land, legal, proposed provision of a municipal service, and personnel matters.**

### 3. ADJOURN TO CLOSED SESSION

## ~ REGULAR COUNCIL meeting NOTES

### 7:00 PM

1. Call to order.

Mayor: Welcome; first public ccl mtg for the summer

2. Approval of July 9 Agenda

Amended by adding 14.1 to 14.6; withdrawing Item 4; adding Item 6 (Update)

### 3. Adoption of June 18, June 25, and June 26 Council Meeting Minutes

[June 25, 2012 Council meeting minutes to be provided on Monday, July 9, 2012.]

[June 18 special](#) and regular Ccl Mtgs; and [June 25 special Council Meeting](#); and June 26 special Council Mtg.

{Strange not ready; been more than a week. Also pls note: on Sat July 7, clicking on the June 25 sp ccl mtg brought up June 26 so hope it will be fixed by the time you try to find them!}

### DELEGATIONS

#### 4. Mark Sager Foundation for the Arts, regarding "Curbside" (File: 0055-01) **WITHDRAWN**

### REPORTS

#### 5. Reports from Mayor and Councillors on Boards, Committees, and Working Groups

> Sop: attended with colleagues, two v interesting workshops, one with TransLink and the other with Metro

in TransLink, I asked what does it feel like to be under audit they understand what the ramifications of that was. Cclr Booth was there. I got a sincere feeling they've now got down to a level they're talking right to your face rather than from aloft

Find it interesting; never the case

msg has gone through -- looking at alternate methods

one thing they did report is that they will not go into any venture unless the money's there to pay for it, the other was the serious look at removing any monies raising it off prop taxes by 2014

Said same at Metro: asked are they out of control? they said they weren't.

asked point blank questions; mainly one we're going to face -- serious inequities if we don't get the right formula for cost allocations on the NSh -- we're going to be looking at some serious money in relnship to the secondary plant over in NV We were assured they'll work through that through REC wch our Mgr is involved with; in time we might get a formula that will be a benefit, if not, Mr Mayor, we're going to be, quite frankly, hosed.

> MAB: want to add a little bit re TransLink subregional mtg in NV

bad news, good news story: no money -- \$30M savings through service optimizations; made it clear there is going to be impact on service; the Evergreen Line will proceed, there is funding in place (gas tax for that); did hear about results of NSh multi-phased consultative transit plan wch has been concluded, contains recommendations

Five high priority projects for WV specifically but those are put on hold until funding can be secured

finally, considerable discussion about the closing of the NV transit ctr on Third Ave, and the fact that WV's wch is on Lloyd Ave in NV will remain while the NV ctr wch is also in NV will closed.

Mr Walton asked consolidation be considered. Wdn't be able to accommodate the 250 buses needed for NSh.

> Sop: what they said is that they want all under one roof, so now all going to Bby

xxx why drive Bby and all the way back xxxxxx?

MAB: that is the proposal too

Sop: stay tuned, folks

> MAB: finally, I attended the Srs' Adv Ctr mtg Jun 28; big announcement retirement of Linda Shaw, cmnty services supervisor, a career spanning three decades when first out of university, family, back

my time on bd so impressed by her passion and commitment to the job; she obviously loved it

she hopes to continue but not on a full-time basis

wanted to publicly wish her well and thank her

> ML: had opp to rep Mayor and Ccl on Canada Day at John Lawson Pk along with MLA McIntyre, MP John Weston, Cclr Cameron and wd say 3-400 of cmnty; sun came out, glorious

Wed with Cclr Panz to rep [WV] at a mtg with Minister of State for Sport -- Bal Gosal -- and [MP] John Weston; mtg in the Srs' Ctr re opportunities for sport; what WV's been doing; also CNV, DNV, Bowen Isl, Lions Bay as well, some allusion to some grants available; potentially help with our plans for John Lawson; my pleasure to do that

> [7:11] TP: want to thank Cclr Lewis for stepping in while our fearless leader was away

I had the privilege of attending a MetroV mtg as I'm the alternate and the big announcement is that Carol Mason is the new Metro CAO replacing Johnnie Carlyle

she's currently the CAO of the District of Nanaimo; hear she's going to be wonderful in the challenging times we have As a mbr of the Metro Utilities Cmte, media release July 3 from Chair of Metro; funding essential for two projects before deadline -- secondary waste water plan (going to cost a total of \$1.4B) to be shared at all levels; fed expectations on line by 2020

fun for a day the VeloCity conference, first time in NAm -- to promote cycling

a couple of points: make sure separated bike lanes b/c safe; xxx; important to link; xxx

**MAMIL = Middle-Aged Men in Lycra** -- gotta get more ppl out

cities safe for eight-year-olds and 80-year-olds so then for everyone

80% ppl struck at 50kmh will die vs 25% at 40kmh

> CC: also attended the VeloCity conf; many interesting things said, particularly by Brent Toderian

healthy city, mix density, mix of uses and design that fosters cycling; not just about bike lanes

something we shd look to

a couple of days later, invited to a mtg of HUB (local cycling group), and Rick Amantea attended to seek their opinion

about their expansion plans and how to incorporate cycling

forward, progressive of PKR to change a 1950 shopping mall into an urban node

attended Metro mtgs on Friday

cost pressures; water, solid, and liquid waste -- more than \$3B; have to find a way to pay for it

vocal; want to make sure WV not punished by funding formula used; home changes

achieving equitable balance of cost-sharing

> NG: in Mem Pk as part of feedback session re rearing pond; elected officials from prov govt there as well; v exciting

this afternoon the seven of us spent time learning about strategic finance; interesting session

**thirdly: awards cmte mtg last Fri; deadline for nominations is end of Sept; Environment, Arts, and Heritage**

**if you know of anyone deserving who's done work in WV, go to website, fill in form or bring nomination with you to MHall**

**Awards will be presented Oct 29**

lastly, I missed my exercise class this morning, was running late, and took a walk along the seawalk

walk along the seawalk -- flowers -- everyone so happy; Parks Dept -- these guys out there in the rain and wind, and they do a good job

friend moved here two weeks ago and she said with the parks, so gorgeous, feels like on vacation

> **Mayor: announcement made Police Bd moving to E-Comm; unfortunately, some misinformation about that three options: 1 status quo; 2 to NV RCMP; and 3 go to E-Comm (majority, our Fire Dept also went to E-Comm) cost-saving to us, main decision Chief and sr ofcrs recommended was based on service enhancement**

**[7:20] E-Comm has the advantage of handling multiple calls and multiple situations, whereas with our v small staff at the Police Stn, if we do have major incident it really swamps the resources that are there to handle it with E-Comm, now more than enough capacity to handle anything that happens in the cmnty and we're on the same communication network as virtually all the other Police Forces in Metro**

**{Clarification: we're already on the same communication network -- the WV Police made the move to the E-Comm radio system years ago, this is just about moving the dispatch function to E-Comm. They can handle dozens of simultaneous calls, we can only handle a handful, ie if an accident on the Upper Levels hwy everyone driving by calls on their cell phones so most are put on hold, possibly delaying a critical call about a different incident.}**

**wanted to correct some of the misinformation out there; decision made on recommendation by Police Chief and dept heads and certainly no overt pressure from province or anywhere else just want to clarify that**

**6. [Black Creek Diversion Rehabilitation Project](#) (File: 1815-34)**

RECOMMENDED: THAT the report dated June 22, from the Dir/Engg & Transportation be received for information. SSch: new report today with an update

RF: over last two weeks staff have taken steps to address the matter

Brief Overview:

staff concerned about status of terrain, soil around the pipe

various options to rehabilitate the slope

only option fully mitigate risks was to bury the pipeline -- necessitated tree removal; much completed in Nov

subsequently mbrs of stewardship advised staff, old growth cut; work halted

**from review, extent of consultation was inadequate; failed to recog the full envtl value**

**staff changes since original work done in 2003; were lapses in continuity**

**inadvertent loss of old-growth trees regrettable and I wish to apologize on behalf of the Engg Division for what occurred**

**Since last Ccl mtg, following actions:**

1 service a professional forester to supplement the expertise of geotechnical, envmtal, and forestry road consultants have been engaged

2 Chartwell consultant's report received July 4 (in appendix in your report)

**identified a further 24 trees subject to removal; xxx; one younger, dead snag, rest old-growth**

**Second, site visit planned with Ccl to be led by stewardship mbrs, being planned through Mayor's ofc for August 18**

**Thirdly, a stakeholder mtg with reps from: Planning, Parks, Engg, the Consultant, the design team, OGCS, and WVSk was held last Thursday -- purpose of mtg to discuss rationale for the project, to review the present field condition, and to obtain input on the future of the rehabilitation project**

**[7:24] this is an imp outstanding project and must be carried out with utmost care and sensitivity**

**sgl pt M contact for the stewardship groups designated: Mr Andy Kwan, utilities engr**

**second, detailed work plan and schedule be provided (appendix in your report)**

**thirdly, attempt to minimize tree loss; the Chartwell Consultant report identified nine of the 24 cd possibly be retained (with closer more detailed assessment)**

**stewardship mbrs at July 5 mtg said they were willing to support rehab proceeding**

**Staff recommend wrt completion of the Black Crk Rehabilitation project:**

**clean-up of present site; optimize final design; minimize further tree loss; removal of trees reviewed by both**

internal and external stakeholders; (review?) construction as it progresses to completion; revegetation plan to address effect of access roads; slope stabilization efforts; to retain selected logs for use on future M bridge and trail construction projects; and to donate the net value of the timber from the felled logs to further the work of the Old Growth Conservancy [Society]

Reflecting on the lessons learned wrt staff's lack of awareness of the presence of old growth as well as the inadequate consultation efforts, Staff recommend re future engg capital projects in Upper Lands [UL] to collaborate jointly with Planning and Parks to ensure all natural assets in the M-managed forest are documented and retained in corporate data bases such as our GIS.

ensure all Engg staff are familiarized with the tree policy documents as contained in the OCP, the Parks Master Plan, and the OGC strategy for protection document

[7:27] Establish an interdeptal project team to include Planning and Parks for review of proposed projects in UL  
Devp an external consultation process to include cmnty stewardship groups as necessary

{whoops! wrong way 'round. Necessary to include them -- don't let someone decide not nec to include the stewardship groups!}

ensure that the expertise of an arborist or a registered forester included on any integrated design team to regularly communicate with internal and external stakeholders as the project progresses

Staff recommend these actions be supported by Ccl

Finally want to acknowledge TIm Smith of WesTrek, a geotechnical consultant, is on hand to answer any questions  
Alan Bardsley: (VP of OGCS) formed in 2007 to partners

**golf course voted down in 1990 referendum; explicitly 86% support**

this reflects how strongly the ppl of WV feel about old growth

difficult to express how upset

in May mbrs came across --- some up to 700 yrs old and more than a metre in diameter

{and why on earth wd anyone see those trees and not want to doublecheck to see if intention really was to remove old-growth? Why not be moved to try to keep them?}

photo of Hugh taller than him, and he's more than 3ft tall  
never.....

serious problems communication between Planning and xxxx  
someone on staff with the authority

As Mr Fung mentioned attended mtg he convened; OGCS, WVSk, directors, mgrs; appreciate the candour of the mtg  
sincerely the xxx when this happened

**stopping as is is not in the best interests of the Dist or Envt**

changes proposed by Mr Fung xxxx ensure not again

do as ? insist to be cut absolutely xxx

must be clear to a xxxx old that xxxxxx

OGCS is here

**to all involved and make sure not happen again**

John Barker: (Prez WVSK) one of two stewardship groups invited to mtg on Thursday

devastating to stewardship groups and to cmnty xxx

wd like to forward some recs from that mtg: CAO, Fung, etc

recommendations from OGCS and WVSk endorsed

**position of Envmt Mgr be filled;** held most recently by Steve Jenkins

indep from Engg, Parks, xxxx

**District shd always have someone on staff**

[7:33] **mapping information highlighting a variety of natural features GIS  
meaningful consultation for any stewardship groups in vicinity of creeks**

xxxx consultant, participate in all aspects

Mayor: may we have a copy?

Barker: I'll leave this

Mayor: anyone else?

CC: all of us make mistakes

**all regret this has happened and we apologize for this mistake**

**we're here for three-year terms but trees here for 100s of years**

**not looking for a scapegoat; how to go forward**

Mr Fung, was there a person resp ensuring not old growth?

**RF: staff team, there was the mistaken assumption others were covering trees**

[7:36] obvious in hindsight that was xxxxx

CC: two ways of looking at it

one person with resp then one person leaves, lost corporate knowledge

we're moving so the entire org understands

not just Engg so not relying on any one person

impact on xxxx

all the issues wrt sustainability and envmt

**not saying we're not going to hire, we're going to look at how best**

TP: xxx here a policy in place?

RF: policy talks about encouraging measures to protect old-growth but cdn't find something that prohibits cutting of old growth in UL

{why wdn't someone not want to do it whether written instructions or not???

Hasn't the Dept Head the authority or prerogative to lead? in the best interests of the cmnty/envmt?}

CC: whose task will it be from today forward?

**if everybody's job, nobody's job**

{buck-passing; executive salute}

RF: as I'd mentioned, the protocol being suggested  
any time a proj an interdeptal team: Planning, Parks, Engg  
in Parks Dept there are forestry

**{are you saying those forestry experts weren't used or asked?}**

[7:38] if lack of resources we'll ensure -- hiring, supplementing

**CC: is it your opinion insufficient resources at the moment?**

**RF: no, what I'm committing to is more coordination**

{well, more notification but agree with CC, one person responsible, ie where the buck stops, identifiable and accountable}

CC: collectively? resp of a team, it's everybody else's  
envtal mgr -- leave to you

a bit xxx

xxx didn't think of cutting old-growth  
best to have one person buck stops at

{yup}

Mayor: Mr McRadu want to comment?

CAO: two ways of looking at this

one of the challenges we had, had one person with the responsibility and when that person leaves, then you lose the corporate knowledge

**{excuse me; don't think this is just a case of losing corporate knowledge. The head honcho for the envmt, the much praised Steve Jenkins, was NOT replaced. Isn't there some principle of good administration to have continuity? Best to train someone who can step in but if not possible, then fill the dang position asap -- but he's been gone for more than a year.**

**Need a boot to get in gear?}**

where we are moving toward, and we may still have one person as sign-off; we're moving to is that the entire org understands the importance of what has happened

And to ensure the culture, not just of Engg but throughout the org understands this so that it's not relying on any one person

so the entire org can understand there's impact on the streams, impact, there are old trees, trees, all the other issues wrt sustainability and envmt

**{er, um. Not enough staff have any awareness that building roads has an impact on streams? that there are old-growth trees on our mountainside? that few are cognizant of the cmnty's (and some cclrs') commitment to sustainability and the environment??? If we're hiring ppl who aren't aware of that, then the criteria has to be revised.}**

That's the direction we're moving

not saying that we're going to stop short of hiring somebody, we still have that position that we're going to look at and we've been spending time looking at how best to fill that position.

**TP: I think we all know we have a long history of valuing our heritage; any time we partner with the cmnty, we always do better**

the success in many ways of WV is how we devp those relnships with our stewardship groups in making sure we keep those relationships strong

[7:41] this may be a little bit left-fieldish, my questions around 5 and 6, monitoring Black Crk ev two years

help me, still a little confused -- **we're looking at taking out potentially about 24 more old-growth trees now been identified**

**I need to understand the biz case, the cost-benefit analysis, so I can say worth it -- I don't think I have a handle on that; that's where I'm struggling**

**you've done excellent job of pulling in the stewardship groups, know they appreciate**

some outstanding concerns when I look at this list -- these trees

**in going through the report, where is the biz plan and the biz case for going forward?**

we're always asking for biz cases

know was done in 2002; know issues now with some instability in that pipe

not comfortable going forward and feeling assured further cutting of old-growth trees really deemed nec

Mayor: a question or?

TP: that's a question -- and I did ask for this with the public accounting

maybe asleep but not getting that sense of it

feel going a little bit on blind faith that the continued cutting of old-growth trees is valued in the long term; just don't have a good handle on that

[7:43] Sop: understand what Cclr Panz is talking about

don't have prob with biz case; I see it as two-fold; invested millions of dollars Eagle Lake and best water in nation -- 99% pure

great work done to date

diversion was to keep the level of the lake up; thought smart piece of engg

now today, trees cut down for road for future; piping; some longevity for pipeline may necessitate under road; cutting of trees set

what I want to see -- apart from Fung and Panz -- we take a legal position on entire lands

anything done in the future will have a v ironclad policy around it

any works come by way of Ccl

outline all the necessities so we have a clear concise picture so nobody will be touching any trees in UL

one more; never voted going above the 1200 Level -- shd ensure no devt

serious prob here; good work not enough maybe in envmtal perspective

maybe a few more recommendations Cclr Panz will be putting forth

that's all for now

MAB: also quite sorry about what happened and loss of old-growth trees

Qs re existing policies

know approved Pks Master Plan recently

not sure of status old-growth strategy conservancy policy within our framework

second question: is this something we shd be reviewing, approving, adopting so it has more formal status

RF: reason I mentioned the old-growth conservancy strategy for protection, although it isn't this area around Black Crk

think there are principles and intentions around that

application to protected triangle lands strongest

quality of ecosystem and pristineness of old growth, and lack of human disturbance

some of those cd be applied/considered to UL so feel staff shd consider sensitive those principles even though operating outside the triangle lands

NG: sev Qs

In your recoms, Mr Fung, we'd take some actions

clean up of the present site, removal of logs for slope remediation and continuation of construction

cd you pls explain slope remediation?

**RF: after trees felled, situation today, present slope continues to be unstable**

**plan after trees felled, removing the logs, cutting in road, shaping the upper slope to make it more stable**

[7:49] this second bullet suggests if we were to consider not proceeding at all, present unstable situation so wd need to go in to at least clear the logs and strip off some of that material so stable for another winter

NG: thank you; have a copy of the recoms Mr Barker has suggested; see there are 5

numbers 2, 4, and 5, integrated well into what you have proposed here

{hope one day things handed or points made can be put on the screen so we know what is being referred to many teachers write on sheet and it's displayed.}

**first that position of Envmt Mgr needs to be filled and to be independent from Engg, Parks, and Planning, and to report directly to CAO**

our old Envmtal Mgr has been gone for a year now; cd someone tell us the status of that position b/c I wd also like to see that position be filled

I understand more complicated than that; it's been a year and this kind of thing starting to happen; makes it seem evident to me

{is "complicated" the Swiss Army Knife to getting Ccl's agreement???

CAO: allow Anne Mooi to speak to it

**AM: we're meeting tomorrow, been meeting over last two months; directors to look at gaps**

{interesting b/c email sent to Fung immediately after this mtg resulted in an automated reply on holiday.}

**having mtg tomorrow, make sure filling the gaps, and making recoms after that**

NG: that's great; think we shd take recoms from stewardship groups seriously, that be independent

**3rd re mapping and incorporating into District's GIS, plan to do that?**

RF: in this on-table project update, **the first bullet under the second recommendation is joint collaboration on UL study**

**will include further mapping for further biophysical data**

some dates back ten years; further info will **ensure included in District's GIS**

NG: great

potential for further removal of trees in today's report

**what I don't understand -- cut trees for road, now saying we need to cut a 23 or 24 more trees around this area to make it safe -- were they in the original plan?**

**b/c we wd hv had to stabilize it anyway**

**where are we supposed to end up**

RF: the initial clearing plan was devpd from the prelim design of the access road and the plan to vary the water pipe a result of this situation and as the result as being able to **enlist services of prof forester, we've taken a look more closely at the remaining trees**

**even though beyond the initial cut slope, the root systems cd be compromised**

even if outside, WorkSafe BC requires certain clearances from workers either doing construction and/or future maintenance; might need to take a closer look at those trees

[7:54] however, nine of those trees, the consultant is suggesting, depending on refinement and optimization of the design, we cd do some things locally

for example to steepen up the slope in the area, saving nine of the 23 or 24

that is the refinement and optimization we're committed to

ML: we're being asked tonight to receive for info the June 22 report although we have the July 6 report? are we changing motion to receive both?

sad reality is that an Eagle Lake reservoir and Black Creek diversion project to feed water in, the likelihood that a tree won't ever get chopped down in future is hard to accept

when we embark in any proj above 1200ft or within Conservancy area, have to clearly understand what really is likely to happen

built the pipeline wasn't going to last forever; clearly can't see how cd replace the pipeline without trees having to come down

begs whether we ever shd hv devpd both Eagle Lake and the Black Crk diversion

20/20 hindsight not that useful this evening

Clearly staff, cmnty, Ccl, have learned from this; we're all going to be better going forward as a result of that

wd be hesitant to embark on a whole range of recoms just received this evening, other than receipt of these reports; well thought-out

refer back to staff and come back in a final report, and ensure this situation not arise again

Mayor: This is a corporation of 900 employees; bottom line, mistakes are going to be made

heard from Mr Barker, v generous in his remarks

the key when make mistakes, learn from them

mistakes never made by one indiv, person, or dept; made by the org, collectively, all take ownership (as long as not done out of malice)

mistakes, live with them, must learn from them, not repeat, wch we've done in this case

This proj was part of a \$30M proj approved ten yrs ago; our consultant recommended the work

**slipped through the cracks, nobody on staff picked up on the fact this access road wd have the devastating consequences that it did**

{[7:58] any accountability eg, planner, consultant, those who cd see the trees and note old-growth?}

want to salute Mr Fung, they stepped up, spent time answering Qs, full and factual explanation

salute how handled

unfortunate but happened and trying to deal with as best we can

look forward to motions

TP: I agree with you

one thing critical to do; in situation like this in order for it not to happen again, we have to have some strong recoms; and

two I'd like to add b/c action has to come out of this

long list in front of me; but two important to me:

**1 a moratorium on any change or disturbance to M-owned UL****IOW future engg projects, we're just not doing them until we go to the second recomm****2 staff recommend about how to legally protect our ULs, our M-owned**

been on the books for a long time; we have to act; hope I have support of this Ccl

if I look at Policy UL 10, says consider preservation of M lands above the 1200ft elevation as public forest and limited recreational areas

I cd go on and on and on about decades of documentation pushing us to this; so, designating all or part of the public lands above the 1200ft elevation for inclusion in the green zone, and I'm not saying that

what I'm saying is what we own as a M shd be protected NOW

and I need to know from staff, and I'm asking staff, how are we going to do that; I'm not prepared to wait two years for UL recomms when we have something of this significance happen in the cmnty

we need to act; follow through what cmnty and public and public trust has been asking us way back since 1993

my recom wd be those two in lieu of No 2, wch is future engg projects b/c I can't be comfortable if I don't have an

overriding policy that dictates how we work and how we protect our M-owned UL for its conservation and recreational value

those are the two key pieces

**If we're doing infrastructure work in the UL, we have to make that fall under that value, that natural heritage, that public trust**

for me; that's where I want to go with this; I don't want to be waiting any longer to have that recomm and that plan in front of me

Sop: I'll second those two motions

NG: can I hear them again?

TP: certainly {repeated}

ML: need to know, Mr Sokol, how this fits with the RGS

don't disagree philosophically with point Cclr Panz is making; knee-jerk reaction rather than a well-thought out plan

TP: that's what I'm asking for

Sokol: what's been tabled wd be completely consistent with the RGS  
[conservation recreation]  
shd this motion pass, wd be in line with that  
imp to recognize -- not an UL study for Metro, doing RGS for WV, what's the right thing to do for WV  
Mayor: to clarify, so Cclr Panz, your motion is in direct conflict with Mr Bardsley's, I think excellent remarks, not in best interests, of WV residents; not completing  
TP: will happily clarify that  
not comfortable with No 1, taking down more old-growth trees; looking at No 2, future projects  
however dealing with this one up to this Ccl  
re looking at future engg projects, want a moratorium until we have determined a path forward to protect our UL for their conservation and recreational values  
[8:05] Mayor: so for motion to be clearer, a moratorium on any future projects in those areas until you receive a staff report on how be conserved  
TP: I'd be happy with that  
ML: cd we ask if there are any planned add'l projects that we shd be aware of?  
Mayor: they cd be brought forward  
ML: just curious  
**Mayor: Mr Fung, any other projects planned imminently?**  
**RF: no**  
Mayor: Cclr Sop will you accept?  
**Sop: will with a comment**  
**Mayor: we always expect that**  
Sop: going back 16 years; Ms Steig is in the audience here in the early days of the envmt fight when wanted sewer and water  
hours and hours deliberation and walking through  
when cyclists, mtn bikes, got in, havoc with trails; walked with staff and saw damage  
we've always had a passion about our mountaintop; done studies, still no major protection anywhere  
want to do this for WV, have major protection  
**we have a beautiful green top, wonderful trails; wildlife has to be protected period**  
if Cclr Panz altering the motion for the future, will abide by that; think it is a good motion, shd be incorporated  
if have chap from OGCS and WVSk and Mr Fung, we're moving in a pretty decent direction for WV  
public shd be rest assured, we mean what we say and we'll do our due diligence  
Mayor: Ms Scholes, you have?  
SSch: was going to request clarification on the motion b/c in the July 6 report, there is a recomm that contains two sections; is the first section still being considered by Ccl?  
[8:08] and then with Cclr Panz's two add'l recomms?  
Mayor: think Cclr Panz's separate and apart  
NG: motion that one of these reports received -- change to reports June 22 and July 6 rec'd for info; that's the first motion  
second motion, the seven points in report today and strike word 'and' at very end  
and third motion be what Cclr Panz has just suggested  
Mayor: motions flying  
{audience: 'commotion'}  
NG: three sep motions  
Mayor: what do you want to do?  
TP: don't want to lose it, that's for sure; can withdraw it as long as we then put it back in  
ML: suggestion recomms under pt 2 of July 6 disappear or augmented  
stay? two more bullets added  
NG: yes, part of our discussion  
ML: no; at this point you're saying let's accept bullets under No 1but not having bullets under 2 any more?  
NG: that's correct; wd be a sep motion  
Mayor: have to have clear  
ML: all three; have them laid out  
Mayor: need to find a path through his maze; suggestions?  
CC: why don't we just vote on Cclr P's and then motion in the report?  
Mayor: where I was going but got off track; Ms Scholes doesn't have a motion  
wanna repeat?  
TP: well, we changed it around so, um  
Mayor: any future projects, excluding the current one; moratorium placed on them--  
TP: --any future engg projects and staff recommend how--  
Mayor: --and staff bring back a further report, UL legally protected  
Ms Scholes, enough information?  
ML: perhaps you cd read it?  
SSch: is Cclr Panz proposing her two recomms in place of at this time, section one and two of July 6?  
TP: yes; then vote on that and go back  
Mayor: pls read so we know what we're voting on  
{[8:12] SSch did -- re moratorium... and and staff how to legally protect... }  
replaced by Panz's revision on future until staff report xxx  
Mayor: hear again  
Ssch: moratorium  
Mayor: no, revised one

SSch: sorry, moratorium until xxx staff report how to legally protect the Upper Lands

ML: that's it

Mayor: ev clear?

NG: instead of those areas, shd be more clear, say UL in the first part of that motion, or friendly amendment

CAO: are we talking about any M-owned lands above 1200ft? you're saying UL

TP: yes, can only dictate re M-owned, public lands

Mayor: then staff will bring back report

ML: Mr McRadu a good point: M, public lands, getting pretty generic

TP: No; our M-owned upper lands

Mayor: lack of focus here; can you slowly repeat, Ms Scholes

{[8:14] SSch reads it out}

MAB: kind of agreeing with Cclr Lewis; esp for the newer ccl mbrs

we actually have not had report on what is UL; just the terminology

Mayor: that's why staff report on that

MAB: just the terminology; so we know what we're voting on; wd like something more definitive/specific; above 1200ft mark?

{unbelievable anyone following WV municipal matters wd not know how controversial the 1200ft line is and that surveys had overwhelmingly resulted in not wanting to go above}

Mayor: thought it said above 1200ft

Sop: don't own from the 1200ft to 2K, we own above that, parkland owned by prov

ML: well, we own some of it, Bill

Sop: vast majority is land owned by BPP

Mayor: what we want to do is capture the intent of Cclr P's motion -- no more projects where we control until staff report comes back with how we protect those lands in perpetuity

that's the intent; ev clear on that? Call the question

MOTION CARRIED

MAB: move reports June 22 and July 6 be received for info

CARRIED

Mayor: thank you, Ccl

NG: now we have to go back to the recommendation from the report, don't we?

the seven bullets re completion of the project

Mayor: so even though reports rec'd; motion, Cclr G?

NG: no

ML: I'll make a recommendation; move seven recoms under bullet one of report July 6

in addn, as an adjunct to the previously passed motion that Ccl also adopt the recom put forth under bullet 2 of the same report

accepting staff's recomms augmented by motions by Panz/Sop

got the best of both worlds

TP: point of clarification

I'm struggling supporting No 1b/c haven't a comfort level about that but more than happy to support 2 wd you be--

ML: -- shd we call question in two parts?

TP: cd you do that? wd app it

NG: if in two parts, I'll wait to make my comments

Mayor: can I call the question on part 1?

NG: sorry, do have comments on Part 1

like Cclr Panz, uncomfortable in particular with third bullet wch talks about further removal of trees on the site prob with knowingly now cutting down more old-growth trees

can't support that

know explanations wrt Workers' Compensation; I can't support that; has to be another way around it

Mayor: Cclr Sop, brief comment?

Sop: what do we do, don't build the road?

NG: yes, maybe

Sop: b/c we can't cut some trees down? turn it into an airstrip?

what do you want to do?

Mayor: okay--

Sop: --we're speaking long term

ask me; finish; staff have mentioned can possibly save nine more trees out of thea 22

aware of our major concerns; this is the best of two worlds

the big one is the second one that Cclr Panz put forward

Mayor: and we have the support of Mr Bardley and his group, that this work shd be done

I'll all the question. Part one

MOTION CARRIES

Mayor: part 2?

CARRIES

Now, Ms Scholes

SSch: clarification -- was there anyone opposed?

Mayor: two on Pt 1; no one on pt 2

NG: my only point was that at odds with first motion we passed, Cclr P passed; not sure how we can pass this motion but, but I won't go against it ... not feasible, possible

TP: want to clarify my motion is actually policy level and this isn't; so supporting the bigger policy piece going forward.

Mayor: am sure many anxious to move on.

[8:21]

**7. [Follow up to the Memorial Park Salmon Rearing Pond Project](#) (File: 2160-03-MPAR1)**

RECOMMENDED: THAT Phase One be undertaken in 2012 to construct a salmon-rearing pond at Memorial Park, in collaboration with the WV Streamkeeper Society.

Mooi: funding in place; Barker [WVSk] and Banks [Parks] and McAllister [WVSk]

Mayor: app work Streamkeepers, exciting; like the way; xxx

Sop: funds hv bn raised

phase 2 appears will be more fundraising but if doesn't meet mark taxpayers will be?

but not what that will be

**Barker: areas M can contribute, as in kind -- bridge, vegetation we'd continue to fundraise for the second phase; District may be approached for contribution**

Sop: in back part

Mayor: Cclr G have you a motion?

{NG made motion; seconded by Sop}

Mayor: motion carries unanimously

{many ogcs and wvsk mbrs left}

**8. [Road Closure and Removal of Highway Dedication Bylaw No. 4727, 2012 and Zoning Bylaw No. 4662, 2010, Amendment Bylaw No. 4726, 2012 \(located at 26th and Marine Drive\)](#) (File: 0510-04-2599-MAR and 1610-20-4726/4727)**

{ah, yes. It happens to all of us -- but it's still hilarious. On page 8 of the report, the beginning of the staff recommendation under No. 10:

"Pubic response was mixed; however, the issue affects the owner of 2601 the greatest."}

RECOMMENDED: THAT

Road Closure and Removal of Highway Dedication Bylaw No. 4727, 2012 be read a first, second, and third time; Council authorize staff to issue statutory notices of Road Closure and Removal of Highway Dedication Bylaw No. 4727, 2012 and to set September 17, 2012 as the deadline for written and oral submissions;

Zoning Bylaw No. 4662, 2010, Amendment Bylaw No. 4726, 2012 be read a first time; and

A Public Hearing be scheduled for Monday, September 17, and that the MClk give statutory notice of the scheduled Public Hearing.

**Mayor: four mbrs of public want to speak but staff presentation first.**

Sokol: KG our consultant and GR, our land and property agent will give presentation

**[Karl Gustavson (architect) and Gordon Reid (DWV staff)]**

GR: another example of how best to devp infill housing on unused lands and real concerns of nbrs process used successfully on 2301 Ottawa [previous project] where house is being constructed now

tonight info culmination of detailed discussions with nbrs; will continue through PH process

purpose to create a sgl-fam lot and an adjacent trail

determining what is possible

modify proposal to address nbrhd character and create a marketable lot

[8:27] Since this proposed lot is not currently a devt lot, but a road-end, it was a reasonable assumption by nbrs that the site wd not be devpd

the proposed devt will not result in a value loss to nbrs according to the appraiser

{but quality loss? and they think so?}

in addn to **generating capital for the cmnty will fund local improvements as well; offsite improving eg repaving and reducing the grade of the adjacent trail**

**details of the trail and other offsite devt in Appendix B of the report**

**if Ccl chooses to go forward, then expected \$1.1 to 1.5M proceeds be put into Endowment Fund**

**PH Sept 17; changes can be made at any time up to the adoption of these bylaws; density or usage tonight**

KG: thank you, Gordon, M&Ccl

explain the process and how we came to the plan; initial consultation with five nbring props

SLIDES

26th / decks / simulated roof line so no impact

2604 Haywood: views

this prop sold -- took photos SLIDES

Came to conclusion, basis of our current proposal, shd we go with the infill idea -- sgl storey bldg

**biggest impact to owner of 2597 MDr**

one-storey house conclusion, have in front of you today

two storeys to clerestory to one, today

envelope that wd work on prop

SLIDE of bldg envelope

decided as a group -- close to Dund close to bus stop

what we shd be doing

1625sf main floor plus garage; potential footprint for a home

setbacks protect that prop, points to trail access ----- down to bus stop

couple of bumps so option to decrease the slope of the trail; fix railing  
 east side of 26th parking? just felt best to increase access  
 on MDR, only thing odd, we're suggesting on the ground floor, walk out -- normal setback is 30ft but wanted to offer  
 taking out second storey; better for basement, felt reasonable  
 access to Bowens' prop, on W side  
 here's the Bowens' house, this is.....

**The Bowens have since put a parking pad; their concern is the loss of that parking  
 suggesting easement against prop -- maintain access while this house still in existence  
 losing parking stall; we felt compromise best in face of what's happening to rest of block  
 some concern of the potential size of the home  
 if a full basement in this home, wd be over 4Ksf**

some devprs choose  
 look at this -- next to this line basement all exempt  
 blackberry

can't really get a full basement here

**we're assuming full basement will go in**

looking at a 2500 to 3Ksf home here -- great demand; ppl looking for one storey; bedrooms on same floor  
 we're recommending support; some issues have come up; reasonable compromise for what's xxxx

**Sop: what's the potential for request for a variance?**

**Sokol: cd be some, but up to Ccl to permit**

**Sop: what protection for the nbrhd?**

**advocating a one-level house with no guarantees in future**

**Sokol: if more ftg cd not be done without Ccl**

MAB: where this proposal fits in to our overall plan? xxx

how was this one selected?

Sokol: staff ~ 2007 identified some props under-utilized; we've been chipping away at this list; this is around 3 or 4; xxx

[8:41] Mayor: Mr Ed Gibson

EG: 2596 Haywood; speak to the proposed closure

appreciate that Ccl made Gustavson and Reid available to nbrhd

believe the plan best that cd be achieved given the particulars of this lot

I speak for -- **2601 a heritage home built about 70 years ago, been preserved exactly as built; current owner wants  
 to preserve it**

**unfortunately this road will severely affect the owner to maintain a residence on this xxxx**

front on 26th

**we all have front doors but imagine one day you found out the road in front has been sold to someone else**

if restricted in this way, owner will have to xxx quite abominable

totally obscuring the views of the nbrhd

main: devastation if this prop has to be redevpd and in an unfavourable way if road taken away

**the parking outside our blvd it was nice parking with down side; we kept blvd maintained and xxx**

then next to Gardens; blvd re

[DING!]

one minute

Mayor: 30 seconds

EG: xxx park and ride, trailer xxx

don't deserve without proper zoning

Jenifer Bowen: [TEXT SUPPLIED]

Thank you, Your Worship the Mayor and councillors. My name is Jenifer Bowen. We own the property at 2601 Marine Drive and are very concerned about the rezoning of the 26<sup>th</sup> Street easement next door and especially the process involved. We have previously provided letters to Mr. Gordon Reid and cc'd Karl Gustavson and Trish Panz who have listened to our concerns. Since we believe we should let all members of Council hear our concerns prior to the vote on closure of the easement we copied our letters to you on July 4<sup>th</sup> which we hope you have read. Since our letters we have met with Gordon Reid and Karl Gustavson who seem sympathetic to our concerns, however it appears the Planning Dept have other ideas. {8:46}

Mr Reid contacted us on July 5<sup>th</sup> stating he took our concerns back to Planning but they do not want to change their position. It appears that maximizing the size of the future lot to maximize cash sale to potential, non-occupying, developers who we all know build to the maximum area for maximum profit takes precedence over the long-term residents' community visions and expectations.

We also talked to our neighbours who suggested that perhaps we should be allowed to landscape the easement similar to the easement at the base of 27<sup>th</sup> and Bellevue Ave. This would alleviate all our concerns for access and views and would allow a more accessible friendly path to the handicapped, senior citizens, and Mums and strollers using it.

When we bought 2601, building permit drawings were already on file for a huge house with a 2204 sq. ft. basement. This below-grade area not included in the FAR is a well used "hook" to sell the bigger houses. The total sq. footage was 5,092 sq. ft. including garage. As you can understand, the neighbours were extremely grateful when we bought and said we were saving the existing home. We note that plan had the main entrance coming off the easement as the same location it is now. (Is there not a grandfather clause in law?) The existing house is 1785 sq ft., two bedrooms, and very comfortable for the family of four now renting. We believe it will be ideal for our retirement and will serve us for many many more years.....we wondered why the 27<sup>th</sup> St easement from Bellevue to the Beach could not have been sold as a very expensive beach lot. And were told that after taking off the footpath it would be too small a lot for the R.S. 4 zone. Why then is the 26<sup>th</sup> and Marine lot which too small for the R.S.4 zone o.k.?

Dr Ravighi and we wonder if we cannot have the same consideration as the two properties adjacent as the easement at 27<sup>th</sup> and Bellevue. That is, we contribute to the development of the path and parkway which retains our access to our

properties and retains the views of all affected neighbours.

THANK YOU.

Dr Ravaghi: my mum and I own prop; totally oppose; xxx space

main reason for buying the prop last Oct; wanted to be closer

my mother [is] a recently retired physician and widow

over some xxx; **never told this area wd be destroyed, otherwise we wd never have made this decision**

**access to water and Bellevue; against destruction of greenery**

offer to help xxx our nbrs

26th of Haywood is a major xxx

MDr bus

**dropping the ht of the house, our view from the bedrooms wd be blocked -- even a one-storey house wd block the view**

**seen too many bylaws and rules bent, broken in future**

appreciate your xxx

Mayor: appreciate hearing your views

M Burgers: I'm representing my daughter and son-in-law not able to come

lived in another prop

have observed over the years the lanes well used b/c all the carports are in the back

our cul de sac wd be extremely crowded

secondly this whole area is lovely, ppl pay a lot of money

your Mr Reid proposes to sell the prop to \$1.5M to EndFund -- like taking from Peter to pay Paul

others will lose the xxx

**down the steps 27th to beach**

**reason ppl like to live in WV; don't want to make overcrowded**

half of the house is half underground, otherwise you cdn't build a house on that prop

ppl going to be disappointed with result of design; definitely a variance

wd like so more value of lower floors

don't know why pursued or any other proposals; xxx why not, a park

put money together design something to xxx

**don't have to give to Endmt Fund b/c nbrs willing to pay for it**

**ev little prop devpd to the max, we don't need to the max**

Mayor: recom to take this to a PH

ML: read a first, second, and third time?

Mayor: seconder? read whole thing?

{ML did}

Mayor: xxx speak?

ML: think appropriate process to go to a PH; save my comments

TP: we have to take in what said tonight and give opp for others to come forward

Sop: been keeping a v open mind but query item one

dedicated bylaw getting a third reading

xxx first xxx already gone to third reading on dedication

Mayor: hasn't gone to fourth reading

{adoption, but not often}

Sokol: standard procedure; goes to paper

if Ccl wishes to change or xxxx; what xxx

Sop: all the info up to and including

Sokol: end of public closure and rezoning same night?

decision

Sop: these ppl tonight can speak again

Mayor: you know the answer

Sop: maybe not

Mayor: yes

any comments tonight welcome to make that night

xxx

Motion is carried; resume Sept 17

[8:59]

## 9. AmblesideNow Expenditures for the year ended December 31, 2011 (File: 0500-01)

RECOMMENDED: THAT the report be received for information.

Nina: commence architectural design; delayed b/c went for public consultation process

M-owned land

further delayed to pursue 1300 and other M land

**considerable underspent at \$704K**

498K

\$246K for admin

xxx for

\$88K for feasibility and functional programming

happy to respond to any Qs

CC: shd the public read this report

looks like No F p2

potential sale of Gertrude Lawson House; presume not moving forward; I get Qs about that

Nina: correct

Sop: what are we going to do with the extra money?

**Nina: currently working on budget, PSB**

**the funds are not necessarily extra, maintained in EFund until direction from Ccl**

Sop: still have a rental agreement?

Nina: referring to AmbNOW ofc?

sublet space to Ch of Comm but currently maintaining space so public can answer Qs

Sop: how long?

Nina: xxx

[9:03]

**10. June 2, 2012 Centennial Celebration Overview** (File: 0142-01)

*Video presentation to be provided. RECOMMENDED: be received for information.*

Brent: briefly sunny day

SLIDES

contributions \$540K -- PKR BPP etc

\$540K celebration on budget on a v lovely day

song about WV and staff put it to 'images'

**VIDEO with WV song**

{**great video clip: do watch**, but oopsie re Dundarave pronunciation -- it doesn't rhyme with Dave, it's -ahve.}

little town by the sea

beautiful place to be, even when it's raining

APPLAUSE

Sop: cd we interject? **have Coho Festival Prez Keith Fenton here**

**Coho wd like to do a two-day festival**

**wd have to come to Ccl**

ask Mr Leigh if it's possible to have Keith Fenton to come up

Sokol: certainly, yes

everything Aug 3 to 12

Coho making their sp effort

Mayor: a bit unusual wandering off

**KF: will make it quick**

**Mayor: always appreciated**

KF: been here for 45 years

look forward

Society for 33 years: non-profit

[9:10] whole objective to bring salmon back to the streams

**[raised] \$700K**

proud be participating with WV Streamkeepers

has been a one-day affair

if ever able to put a two day -- this year (centennial)

certainly hope help us pull it off, lots of volunteers

our salmon BBQ is our signature event

**did a survey last year and found 40% came from WV, 47% NV, and 15% outside of the NSh, so becoming more than a WV event, more a NSh event**

not here often but coming? [9:12]

Mayor: maybe better to come back at next mtg with a staff report

having a beer garden well rec'd by this Ccl

KF: we call it a Beach Bar

[9:11] CARRIED

Mayor: Mr Leigh, hope you pass on our thanks to staff, etc.

[9:14]

**BYLAWS for ADOPTION**

**11. Official Community Plan Bylaw No. 4360, 2004, Amendment Bylaw No. 4724, 2012** (File: 1610-20-4724)

**14. OTHER ITEMS**

**SSch: six items of corresp pulled out**

**MAB: 14.1**

reason brought forward; know this nbrhd has been following us closely

**Clyde Ave such a small street**

know Mr Sokol asked it be brought forward b/c want update and anything we can be done; a real hwy for a tiny street

Sokol: happy to report that with the Subdiv with Onni

asked xxx; for next steps

RF: staff has been working on this, Ev Dr, for sometime and now that \$ secured

Engg will have to look at work plan

after summer break look at how best re nbrhd, traffic calming situation

Sop: this is the second time Mr xxx and cd have presented their concerns about traffic safety

are we looking at a long time of process when a lot of history on the street?

ramifications re 11th but do we anticipate with the money secured will get some action?

RF: if you go back to the \$350K in first place

most were meant to be hard, traffic improvements; part was to devp the plan; believe a lot of things we can do

soon as plan devpd proceed with hard improvement

not take time with study; improvement on the ground

Sop: will that cover xxx?

RF: difficult to say, looking at the plan xxx

Mayor: Cclr Booth, satisfied?

CC: did you give a time frame for the xxx?

RF: impact on our present 2012 work plan, look to incorporate, in fall

CC: implement then?

?: how long take?

RF: as I said to Cclr Sop, don't want to spend lot of time on study

present to cmnty

CC: wd you be incorporating that study, include local residents?

RF: all about local nbrhd as to what traffic calming measures they'd like to see

**Mayor 14.2 Kerrisdale**

NG: pulled these next two

both letters referring to the Safeway site; ask our Planning Dept what the latest is on the Safeway site

Sokol: staff have moved with the prop owner

new grocery open by end of the year

moved rapidly; plans with staff; fit with staff's guidelines

hoping to have in front of DRC by end of month so in Ccl by Sept after end of break

then meet timeline by end of year

happy

impact of closing on residents

imp of residents/srs going shopping; xxx

**anybody interested can call in an order free delivery over \$25**

**{saw this full-page ad on p2 of the NSN and put in my Headsup 14?## -- impressive; free delivery from HBay to Deep Cove}**

making an attempt to serve popn of Amb

Sop: wd owners give up their parking for a few months so biz can park on that site?

Sokol: another we brought up

some reserved for construction but prop open to public

Sop: so won't get ticket or towed away

Sokol: can assure you Bylaw won't be ticketing on priv prop

xxx [9:25]

**NG: letter re Gran Fondo**

huge bicycle race Vanc to Whistler

they have written back; donation of \$5K re signage

didn't say the date when the whole UL Hwy will be closed; wanted to mention to public

**?: Sunday Sept 12 6am to 9:05am**

**NG: news release from fed govt offering out tax money back to us by offering cmnty infrastructure grants; wanted public to know**

**we're on top of that and**

sorry; it's related to facilities, xxx sports in western Canada

we will be applying for funding

Mooi: J Lawson Pk playground; fits in with criteria so will be putting it in

Sop: wonderful but matching funds

Mooi: yes

**Sop: but taxpayers going to get a boot at the end**

just so, Mayor: not just tax money back, but debt to g'children

ML: giving us money and telling us where to spend it

NG: thank you for adding to that

at on the back

**letter from Robert Paterson -- congratulate Dist in managing finances**

v impressed with us, holding the line

felt we and our Finance Dept

we've underspent by \$2.4M

[9:30] {yes, most agree much improved, however still some things to address.

See detailed commentary with another view in "from the Editor's Desk")

## 15. PUBLIC QUESTIONS/COMMENTS

**Mayor:** Andy Lepiarczyk; about the roundabout

AL: xxx Stevens Drive

a waste of money

Collingwood don't need

wd not happen

if in a democratic matter xxx; secrecy xxx; rules were bypassed

as early as June 9 Mayor was informed

scholarship of the scandal

to June 18 ccl mtg

excavation permit issued in rush; without Engg xxxxx

June 18 residents came here, construction was already under way  
view

neither here nor at the site

eventually extracted it

Collingwood got more

xxx were totally disregarded

Ccl offered words of sympathy; not democratic, unethical

saw what I desperately escaped 30 years ago

SCUM!

Mayor: going to ask you to leave the microphone

not accept the language

AL: xxx you will not shut us up

**Mayor: I timed it**

[9:34]

Bruce McArthur: speak sooner than later

inform the public about this proposed study

when it might start and how long it might be

we've talked about it long enough

timeline xxx ; for starting

**Sokol: staff intends to bring a report forward at the next ccl mtg**

**a WG wch wd start in fall**

wd like to ensure Ccl and public; pulling all of our info together

**our mapping info integrated into GIS as far as Black Creek**

two components of this week

needs of Metro, RGS, bigger picture is what does DWV want to get out of this study?

next year or two and will be spelled out at next

Mayor: next mtg

your frog outfit!

Lorne Pilgrim: resident of Deep Dene Dr; adjacent; lived there since 1981

wish I cd share in the enthusiasm of a great day in WV

saw

**for the last several years our family has been involved in a debate on the C'wood proj**

**several promises by the management of that school**

**compensation group**

**promise after promise after promise has been broken**

**looked at a doc guaranteed by the school of [fewer] than 500 students**

**that document taken to the Supreme Court of BC and has failed**

**proposal by school granted by Engg**

**hidden during the Xmas period of 2010/11, has bypassed our cmnty grp**

**promise after promise of consultation been broken**

**have had to go to extraordinary extent with Engg to find out what's going on on the adjacent prop to ours**

**concerned not just for our prop but for cmnty at large**

xxx really don't understand what is happening with this devt proj

**some of this redevt has been put as redevt under a new devt proposal**

**under a new zoning act CD27**

**wd those 500 students enjoy the bldg undertaken now**

new pkg lost underground two storeys

**wd it go through under previous proposal?**

before Ccl made a change?

Sokol: xxx

Mayor: Mr Leigh is working with a group, nbrs; wd you like to meet?

BL: yes

don't think that wd meet with the direct q

xxx; perhaps address that in front of Ccl

Mayor: gentleman entitled to an answer

Sokol: can do it in writing; in doc xxx two mtgs ago

Mayor: xxx  
 Sokol: changes, part of the rewrite; was over 40 years old  
 not substantial between 9 and CD27; all wd have gone forward as it is now  
 LP: wd a two-level pkg lot be permitted?  
 Sokol: problem, cobbled together over 40 years  
 when read together, yes  
 some of those parts were contradictory  
 xxx; interpretations  
 if there are specific sections of the bylaw  
 happy to do that  
 LP: are you aware ... dated 2007 ... [enrolment] cap at 497?  
 any days past {over} that they wd pay a penalty of \$1K per day?  
 Sokol: aware of covenant xxx that stated they wd limit to 600 up until their other campus was remodelled K through 8,  
 then reduces to 495 students  
 note that Chairlift is not 8 it's K through 6  
 maybe that's not xxx  
 {I asked questions later and was told that the restriction to limit of students did not mention dependent on  
 Collingwood's Wentworth campus grades}  
 LP: are you prepared to xxx  
 {think he said look into or enforce that}  
 Mayor: xxx; all concerned with what's happening out there  
 asked xxx [Brent Leigh?] to spearhead, address  
 wd suggest Mr L and Sokol meet with you  
 raised some v good questions; Ccl interested hearing  
 LP: meet xxx; Engg; number of Qs not answered  
 encourage -- consult with us, cmnty nbrhd; partners  
 what's going on; come together with us  
 so you do not listen to ppl over the xxx?, lost their patience with Ccl and process  
 Mayor: that's why we've asked Mr L  
 ev to xxx; lack of enjoyment of your homes  
 need to meet off-line not 10 o'clock at night  
 LP: but w've been living with this ev day for over five years  
 Sop: area residents and ourselves; hope that group wd advise Mr Leigh  
 other than speaking to him  
 [9:47] get this areas of concern  
 some benefit out of this  
 if you cd organize folks  
 by organizing  
 if anger is there, anger is there  
 go a long way, what's happened, has happened  
 go along and resolve the  
 LP?: many of the promises, broken by the school  
 Sop: we promised we'd have process in place  
 LP: we're prepared to live with whatever process; docs in place, and have guarantees and they're not being observed  
 Mayor: Ccl asked Mr Leigh  
 xxx; we're very concerned with what's going on up there  
 role xxx; that's why we called on Mr Leigh  
 LP: first the excavation permit; it's coming up at the next mtg

16. ADJOURNMENT [9:49]

**=== MONDAY JULY 23 AGENDAS ===**

**= SP COUNCIL MEETING AGENDA**

6:00 PM IN THE MUNICIPAL HALL MAIN FLOOR CONFERENCE ROOM

**6:00**

- 1. Call to Order.
- EXCLUSION OF THE PUBLIC
- 2. RECOMMENDED: THAT ..... 90. (1) A part of a ccl mtg may be closed to the public if the subject matter being considered relates to or is one or more of the following:
  - (a) **personal information** about an identifiable individual who holds or is being considered for a position as an officer, employee, or agent of the municipality or another position appointed by the municipality;
  - (c) labour relations or other employee relations;
  - (e) the acquisition, disposition, or expropriation of land or improvements, if the council considers that disclosure could reasonably be expected to harm the interests of the municipality;
  - (k) negotiations and related discussions respecting the proposed provision of a municipal service that are at their preliminary stages and that, in the view of the ccl, could reasonably be expected to harm the interests of the M if they were held in public.

**Purpose of meeting: committee application, labour relations, proposed provision of a municipal service, and land matters.**

**= REGULAR COUNCIL MEETING AGENDA**

IN MUNICIPAL HALL COUNCIL CHAMBER

**7:00 PM**

1. Call to Order of Open Session
2. APPROVAL OF AGENDA

*{Amended at the July 23 ccl mtg:*

- adding to Item 15, report regarding Upper Lands Study;
- moving Items 10, 12, 13, 15 to 19, and 21 to the Consent Agenda;
- adding Item 22.15}

3. ADOPTION OF MINUTES -- the July 9, 2012 [special](#) and [regular](#) Council Meeting Minutes

**DELEGATIONS****4. Ambleside and Dundarave Ratepayers' Association regarding Survey Results – Proposed 1300 Block Redevelopment**

RECOMMENDED: ... be received for information, with thanks

**REPORTS****5. Reports from Mayor and Councillors on Boards, Committees, and Working Groups****6. Development Permit Application No. 11-071 (975-977 Keith Road)** (File: 1010-20-11-071)

At the July 9 regular mtg, Ccl received the report dated July 2 re the DPA and set the date for consideration for July 23.

No other reports and no written submissions have been received to date (July 19).

**PRESENTATION BY APPLICANT****CALL FOR PUBLIC INPUT**

RECOMMENDED: THAT all written and verbal submissions be received for information.

If Council wishes a further staff report: RECOMMENDED: THAT staff report back to Council

OR

RECOMMENDED: THAT the DPA, wch wd allow for a duplex dwelling with zoning bylaw variances to reduce certain yards and increase the highest building face envelope, be approved.

**7. Boulevard Encroachment Permit No. 12-013 (825 Farmleigh Road)** (File: 1010-20-12-013)

RECOMMENDED: THAT the Boulevard Encroachment to allow:

1. a driveway gate constructed in the boulevard be denied; and
2. 2.16m pedestrian gate posts inclusive of lights, constructed within the boulevard, be approved.

**8. Ambleside and Dundarave Parking** (File: 1800-01)

RECOMMENDED: THAT

1. Staff establish two [fifteen-minute] parking spaces on each MDr block face in Amb & Dund to provide for more turnover of parking and allow for availability of parking for quick visits to businesses; and
2. The District request that the Ch of Comm and the Amb and Dund Biz Assns work with biz owners to better promote rear parking to their customers and to discourage the use of on-street parking by employees.

**9. Wireless Communication Facilities Policy Modernization** (File: 2515-05)

RECOMMENDED: THAT

1. The draft Policy, dated July 13, and attached as Appendix B to the July 16 report be made available for cmnty review and comment through September 30, 2012;
2. Staff be directed to process current applications for wireless communication facilities generally in accordance with the policy direction and processes expressed in the draft Policy dated July 13, 2012;
3. Following the cmnty review period, staff report back to Ccl on the results of this process and propose revisions to the draft policy as appropriate; and
4. Staff be directed to continue ongoing dialogue with CNV and DNV on this and related issues.

**10. [30-Year] Foreshore Head Lease between the District of West Vancouver and the Province of British Columbia – Alternative Approval Process** (File: 1640-01/1147-01)

RECOMMENDED:

WHEREAS the District has resolved to lease from the Prov of BC for a term of 30 years commencing on or about July 2, 2014 (the "Lease") the WV foreshore;

AND WHEREAS the District under the Lease will incur certain obligations and liabilities that may require the assent of the electors;

NOW THEREFORE Council resolves as follows:

1. An Alternative Approval Process be provided in relation to the Lease and a Notice of Alternative Approval Process be provided in relation to the Lease as summarized in Appendix A;
2. Elector responses shall be in the form set out in Appendix B to the staff report to Council dated July 16, 2012;
3. The deadline for the submission of elector response forms shall be 4:00 p.m. on November 1, 2012 (the "Deadline");
4. The MCIk is authorized to prepare and publish a Notice of Alternative Approval Process, which notice must be published once each week for two consecutive weeks with the second notice publication being at least 30 days before the Deadline;
5. A fair determination of the total number of eligible electors of the District of West Vancouver is 31,732; and
6. Subject to the outcome of the Alternative Approval Process in relation to the Lease, the Mayor and MCIk are authorized to sign the New Lease as attached as Appendix C to the staff report to Council dated July 16, 2012.

**11. Kinder Morgan Proposed Trans Mountain Pipeline Expansion** (File: 0332-01)

RECOMMENDED:

WHEREAS:

1. West Vancouver recognizes that:
  - o Oil exploration, development, and export is in the National interest;

- o The current Kinder Morgan operation is essential to regional interests;
- o The proposed Kinder Morgan expansion is principally an export strategy that will result in a fivefold increase of tanker traffic past, and at anchor off, West Vancouver shoreline;
- o West Van, through its Foreshore Head Lease, has stewarded its pristine marine envmt for over 30 years; and
- o Kinder Morgan is, as noted in their July 11, 2012 letter to M&Ccl, committed to undertake a full technical, envmtal, and public engagement program with the facilities application scheduled for late 2013;

NOW THEREFORE Council resolves as follows:

1. Kinder Morgan be obligated to:
  - o demonstrate the mitigating measures in place for any oil spill that would reach WV shores or marine life;
  - o indemnify WV for the amount equal to the projected clean-up of a worst case oil spill, should the National Energy Board approve this strategy;
  - o identify the impacts of increased ship size and numbers in relation compromise to foreshore protection efforts arising from ship wash;
  - o identify how increased ship passing, and in waiting, by West Vancouver shore line will mitigate the discharge of grey water, and heavy diesel particulate.
2. West Vancouver's MP and MLAs be encouraged to ensure a provincial strategy is developed before any oil exportation operation of this magnitude is proposed for any export outlet in British Columbia;
3. Notwithstanding the foregoing, the Mayor write to the Prime Minister, the Premier, the Federal and Provincial Ministers of the Environment, the National Energy Board, and the President of Kinder Morgan expressing West Vancouver's opposition to any increase in oil tanker traffic through the Port of Vancouver; and
4. This report be shared with Metro Ms and that staff continue to monitor and report on the public review and regulatory approval process being advanced by Kinder Morgan for the proposed expansion of the Trans Mountain Pipeline.

#### **12. West Vancouver Ice Arena – Review of Ice Allocation** (File: 3050-01)

RECOMMENDED:

1. THAT the report titled 'West Vancouver Ice Arena – Review of Ice Allocation' be received for information; and
2. that Council be advised that Staff will develop an Ice Arena Ice Allocation Policy, with community consultation, for the 2014/2015 ice season; and
3. that District staff will commence a review of the future feasibility of building a second sheet of ice in the District.

#### **13. Centennial Celebration: Coho Society Festival [2-Day] Event** (File: 3080-07)

RECOMMENDED: THAT Ccl support the Coho Society Festival to be expanded to a [two-day] event, from Sept 8 to 9, wch includes beer garden service on both days.

#### **14. Ambleside and Ambleside Waterfront Plan Consultation and Implementation** (File: 2195-01)

RECOMMENDED: THAT

1. The report from the Dir/Planning, dated July 10, 2012, be received for information.
2. Waterfront Guiding Principles -- The Waterfront Guiding Principles be endorsed.
3. Ambleside Waterfront Plan
  - The draft Ambleside Waterfront Plan, in diagram format, be endorsed in principle and that Staff report back on any modifications after consultation with the community.
4. Ambleside Engagement Opportunities
  - The District commence public consultation in Fall 2012, to be based upon a consultation strategy to be considered by Ccl in Sept, on the Waterfront Plan and potential implementation strategies and projects for the Waterfront and Ambleside.
5. 2012 Implementation Initiatives – Phase 1
  - The District proceed with implementation of the following programs and projects:
    - i The preparation of a Request for Proposals for a restaurant to be located on 1472 and 1468 Argyle and be considered by Council at the September 17, 2012 meeting;
    - ii The construction of the deck at 1756 Argyle and completion of the landscaping at the site this summer;
    - iii The installation of free, public Wi-Fi in John Lawson Park;
    - iv The completion of an inspection of Godfrey's House (1528 Argyle Avenue) to determine structural integrity;
    - v The commencement of meetings and discussions with the Hollyburn Sailing Club regarding the future use of the site as a sailing club with enhanced public waterfront access;
    - vi The closure of a portion of Argyle Ave for the entirety of the Harmony Arts Festival from August 3 to 12, 2012;
    - vii The expanded use of food and beverage providers throughout the [ten-day] Harmony Arts Festival and the commencement of an RFP process for food providers (including food carts) throughout the 2013 season;
    - viii The relocation of the Ambleside Farmers Market to 14<sup>th</sup> St between MDr and Bellevue Ave on a trial basis in September 2012; and
    - ix Engagement of the Ch of Comm and the Ambleside Biz Assn and determine locns to allow sidewalk dining.

#### **15. Upper Lands Study** (File: 2570-01) *Information to be provided.*

**{POSTED ON DWV WEBSITE LATER:**

**Upper Lands Study** (File: 2570-01)

**RECOMMENDED: THAT the report dated July 10 from the Dir/Planning be received for info.}**

#### **16. Addition of 6985 Isleview Rd and 985 Duchess Ave to WV Cmnty Heritage Register** (File: 2585-03-04)

RECOMMENDED: be added to the WV Cmnty Heritage Register, pursuant to Section 954 of the *Local Government Act*

#### **17. Valley Traffic Systems Request for Order of Non-Enforcement of Noise Control Bylaw** (File: 1785-10)

RECOMMENDED: THAT Ccl approve the request for ~15 days during the months of Aug through Oct to permit completion of work associated with the MDr Intersection and Overpass Demolition Proj on behalf of Park Royal.

#### **18. Onni Taylor Way (Evelyn Drive) Request for Order of Non-Enforcement of Noise Control Bylaw** (File: 1610-20-4404)

## RECOMMENDED:

THAT Council approve the request from Onni Taylor Way Properties Ltd. (Evelyn Drive) for an Order on Non-Enforcement Enforcement of the Noise Control Bylaw No. 4404, 2005 Section 6.1.2 (a) from August 16, 2012 to September 5, 2012 to allow for nighttime construction between the hours of 8:00pm and 7:30am. No work is permitted on the following dates and times: Sundays August 19, 26 and September 2, Monday September 3 (Labour Day), or after 5:00pm on Saturdays August 18, 25 and September 1, 2012.

**19. Reallocation of Project Budgets within the 2012 Infrastructure Capital Program** (File: 1795-20/03)

## RECOMMENDED:

1. THAT the report dated July 11, 2012, from the Business Manager, Engineering & Transportation entitled, "Reallocation of Project Budgets within the 2012 Infrastructure Capital Program" be received for information;
2. THAT \$100,000 dollars of infrastructure capital funding be reallocated from the Annual Road Rehabilitation Program to the Sandy Cove Bridge Rehabilitation Project.

**20. Public Safety Building** (File: 0500-01)

## RECOMMENDED:

THAT the District take the next step in the Public Safety Building planning process which began in 2010, by issuing a Request for Proposals for an architect and project manager for the Public Safety Building project, based on the following approved project parameters: post-disaster seismic standard; Municipal Hall site; co-location of Police and Fire & Rescue Services; space estimate of 57,600 gross square feet; and target budget of \$36 million.

**21. Federal Govt cancellation of Joint Emergency Preparedness Program Funding** (File: 0180-16)

## RECOMMENDED:

THAT Council send a letter urging the Govt of Canada to fully restore annual Joint Emergency Preparedness Program (JEPP) funding to 2009 levels for emergency preparedness and to ensure that there is continued, ongoing effective JEPP funding to build capacity and capability to meet emergencies of all types in Canada.

**CONSENT AGENDA ITEMS****22. Consent Agenda Items****22.1 West Vancouver Family Place Program** (File: 1242-20/21)

## RECOMMENDED:

THAT the report dated June 28, 2012, from the Director of Parks and Community Services titled "West Vancouver Family Place Program", which includes confirmation that there will be no changes current operations, be received for information.

**22.2 Development Permit No. 12-026/027 Cluster housing at 2758 and 2773 Highview Place (Rodgers Creek Area 2, Lots 9 and 10)** (File: 1010-20-12-026/027)

RECOMMENDED: THAT the MCik give notice that the Devt Permit Applic, wch wd regulate the form and character of proposed cluster housing, will be considered at the mtg of Ccl on **Sept 10**.

**22.3 Development Variance Permit No. 11-061 (1116 Millstream Road)** (File: 1010-20-11-061)

RECOMMENDED: THAT the MCik give notice that the DVP Applic to allow construction of a new house with variances for height and number of storeys and driveway retaining walls with a height variance, will be considered by Ccl at its meeting on **September 10**

**22.4 Development Application Status report to July 13, 2012** (File: 1010-01) -- received for information.**22.5 Correspondence List (see link on electronic agenda)** (File: 0120-24) -- received for information.  
**+ Council Correspondence Update to July 6, 2012 (up to 12:00 Noon) +**Referred for Action

**=== ANIMALWATCH === (rare) Ribbon Seal**

Jack Cooley of Squamish Streamkeepers forwarded this that he had received:

Sent (to Jack): Monday, July 09, 2012 5:04 PM

Here is the latest video offering -- **Ribbon Seal Video** <http://youtu.be/QO8osHILzh0>

We had a rare Ribbon Seal visit Squamish on Sunday. This seal is normally found in the Arctic waters of Alaska and Russia. This individual, Tag # B310, was first spotted in Seattle in January then in Steveston in June and then on Sunday, Wally Fletcher, one of the people doing the monthly bird count, spotted the seal on a wharf in Cattermole Slough near the Brew Pub.

**=== INFObits === Four Olympian athletes without a country**

Why are there four Olympic athletes with no country?

There's four athletes competing under the Olympic flag, with no country to represent. Here's how that came about.

YOU will notice in the Opening Ceremony at the 2012 Olympic Games that there are four athletes participating in this year's games without a country.

#### ANNUAL GENERAL MEETING

The Heritage BC Annual General Meeting will take place at 4:30pm, October 19, at the Shadbolt Centre for the Arts

#### CALL FOR NOMINATIONS

The Nominations Cmte is seeking nominations to fill two positions on the Bd of Directors that will be vacant as of the 2012 AGM.

The Board consists of eight directors who develop policy and oversee the direction and finances of the society. The Committee seeks to maintain a broad range of skills and interests on the Board, and representation from as many regions of the province as possible.

Directors are elected for a two-year term and may serve up to three consecutive terms. Directors are required to attend four board meetings a year, one of which is held in conjunction with the Annual Conference. The time commitment for meetings, including travel, is a maximum of ten days a year. Some further time commitments may be required for committee work. Directors receive no remuneration, but all authorized expenses are reimbursable.

This Call for Nominations is being circulated to all voting members (Group and Individual) by post and email.

#### Current Board of Directors

Eric Pattison, New Westminster  
Larry Foster, Kelowna  
Helen Edwards, Heritage Canada  
Bjorn Simonsen, Victoria

Don Luxton, Vancouver  
Zlatan Jankovic, Vancouver  
Shirley Gratton, Prince George  
Helen Cain, Victoria

#### The 2012 Election Schedule:

|                  |                                                                 |

Sunday July 29 | 10am to 12pm

Tourguide: Bruce Macdonald -- \$10 Heritage Vancouver members; \$15 non-member

The tour will start and end in the **small park at the northeast corner of Arbutus and 7th Avenue**Join local historian Bruce Macdonald for a fascinating exploration of Kitsilano's unique Delamont Park neighbourhood. **Kitsilano officially began in 1905**, the year the community was named, streetcar service was extended from downtown to Kitsilano Beach, and home-building began in earnest.Amazingly, amongst the blocks and blocks of apartment buildings in east Kitsilano is a small group of houses surviving from those earliest years and before. In the same way the Park Board accidentally saved the heritage houses of Mole Hill and the pioneer homes below the towers surrounding the West End's Barclay Heritage Square Park, it has now accidentally preserved **Victorian homes dating from 1901** in Kitsilano's Delamont Park area.Come and explore unique homes from Kitsilano's pioneer years, with Bruce Macdonald, the man who wrote the heritage report on Delamont for the Park Board. [See tour info on our website >](#)**Tix: Delamont - Kits' oldest houses (\$15/\$10):**On-line: > [Purchase using Eventbrite](#) (Paypal account not required). Print your receipt and bring to the event.Cheque: made out to Heritage Vancouver Society and mailed to: Heritage Vancouver, PO Box 3336, Main Post Office, Vancouver, BC, V6B 3Y3. ### + 'Chip bandits' crime story goes viral

[CTVNews.ca](http://www.ctvnews.ca) Staff Last Updated Tuesday, Jul. 10, 2012 5:41PM EDT

A news report about two university students accused of drunkenly stealing a bag of Zeller's brand chips from an open garage in Saanich, B.C., has gone viral nearly a month after it first aired.

Read more: <http://www.ctvnews.ca/canada/chip-bandits-crime-story-goes-viral-1.873486#ixzz20IrtI7zZ>

Watch the policeman's expression talking about this chip caper -- a first chip offence

### + Life's like coffee?

[Shirley McCullough Morganti](#) · [Santa Maria High](#)

I have some really nice cups and saucers, but I also have about 20 mugs. One day, I decided I had way too many mugs, and so decided to make room in my cupboard. I pulled out the first one—Oh, no, It's a "Grandmother" cup from my youngest grandson—keeper—Next one, My daughter—in-law brought it back from Ireland, it says "herself"—keeper— next one, it has hearts and says "I Love My Mom" from a son—keeper— next try— another son bought for me at Brians Head in Utah—keeper—and so it went. Each mug had something to say about how the giver felt about this mom, wife, grandmother, friend. There were only 2 mugs that I had purchased myself. Granted, the coffee tastes the same, no matter which cup, but each time I use a different one, I think of the loved one that gave me that mug, and I get a very warm feeling in my heart.

I also am a coffee-lover and have a large mug collection. My plan is for my family to to display them at my wake and invite my friends to take one that also means something to them; maybe they were with me or an event or concert when I got it, maybe they gave it to me etc. They will have a souvenir from my life and my family will not have to dispose of them. I do not anticipate that this will be soon but it gives me pleasure to think about this.

## = QUESTIONS / QUOTATIONS / THOUGHTS / PUNS / JOKES =

QUESTIONS:

~ What does a farmer use to count his cattle?

~ What sickness does a martial artist have?

~ How many existentialists does it take to change a lightbulb?

It is dangerous for a national candidate to say things that people might remember.

-- Eugene Joseph McCarthy, US politician (1916 - 2005)

Ignorance is the greatest source of happiness.

-- Giacomo Leopardi, Italian poet, essayist, philosopher, and philologist (1798 - 1837)

Expecting the world to treat you fairly because you are a good person is a little like expecting the bull not to attack you because you are a vegetarian.

-- Dennis Wholey, American author and TV producer (b 1939)

**We read that we ought to forgive our enemies; but we do not read that we ought to forgive our friend**

-- Pierre Corneille, French playwright (1606 - 1684)

People commonly educate their children as they build their houses, according to some plan they think beautiful, without considering whether it is suited to the purposes for which they are designed.

-- Lady Mary Wortley Montagu, English writer (1689 - 1762)

**As a poet there is only one political duty, and that is to defend one's language against corruption. When it is corrupted, people lose faith in what they hear and this leads to violence.**

-- W H Auden, English poet (1907 - 1973)

Truth, like gold, is to be obtained not by its growth, but by washing away from it all that is not gold.

-- Leo Tolstoy, Russian novelist and philosopher (1828 – 1910)

*The quotation from Tolstoy ("Truth, like gold, is to be obtained not by its growth, but by washing away from it all that is not gold.") evokes Sherlock Holmes's great principle: "When you have eliminated the impossible, whatever remains, however improbable, must be the truth."*

There are only two ways of telling the complete truth -- anonymously and posthumously.

-- Thomas Sowell, American economist, philosopher, and author (b 1930)

**We read that we ought to forgive our enemies; but we do not read that we ought to forgive our friends.**

-- Pierre Corneille, French playwright (1606 – 1684)

If we knew what we were doing it wouldn't be called research, would it.

-- Albert Einstein, German-born theoretical physicist (1870 – 1955)

In the Soviet Union, capitalism triumphed over communism. In this country, capitalism triumphed over democracy.

-- Fran Lebowitz, American author (b. 1950)

Modern art is what happens when painters stop looking at girls and persuade themselves that they have a better idea.

-- John Ciardi, American poet (1916 - 1986)

*Speech to the Electors of Bristol of 1774. On the day of his election Burke famously argued against the idea that an MP is just the delegate of his electorate:*

Parliament is not a congress of ambassadors from different and hostile interests; which interests each must maintain, as an agent and advocate, against other agents and advocates; but parliament is a deliberative assembly of one nation, with one interest, that of the whole; where, not local purposes, not local prejudices ought to guide, but the general good, resulting from the general reason of the whole. You choose a member indeed; but when you have chosen him, he is not a member of Bristol, but he is a member of parliament.

-- Edmund Burke, Irish statesman, author, orator, political theorist, and philosopher (1729 - 1797)

**I AM TOO BLESSED TO BE STRESSED ! -- Unknown**

The patron saint of poverty is St. Nickeless.

I'm not happy with this Origami clothing. It always looks creased no matter how carefully I fold it.

I pricked my finger badly while trying to find a needle in my wife's sewing box. It was a crewel turn of events.

Earthquake in Washington obviously government's fault.

A soldier who survived mustard gas and pepper spray is now a seasoned veteran.

What do you call a dinosaur with an extensive vocabulary ? A thesaurus.

Jokes about German sausage are the wurst.

Losing your head in an emergency is a no brainer.

A glide-path is a soar spot.

### Hymns for Senior Citizens

"Precious Lord, Take My hand and Help Me Up"

"It Is Well With My Soul, but My Knees Hurt"

"Just a Slower Walk with Thee"

"Go Tell It on the Mountain, but Please Speak Up"

"Nobody Knows the Trouble I Have Seeing"

### Strong Medicine for the Nun

Pat is not feeling very well and he decides to go to a doctor. While he is waiting in the doctor's reception room, a nun comes out of the doctor's office. She looks very ashen, drawn, and haggard.

Pat goes into the doctor's office and says to the doctor: "I just saw a nun leaving who looked absolutely terrible. I have never seen a woman look worse."

The doctor says: "I just told her that she is pregnant."

Pat exclaims: "Oh my, is she?"

The doctor responds: "No, but it sure cured her hiccups."

Q: What does a farmer use to count his cattle? A: A COWculator!

Q: What sickness does a martial artist have? A: Kung FLU!

**QUESTION: How many existentialists does it take to change a lightbulb?**

ANSWER: Two. One to screw it in and one to observe how the lightbulb itself symbolized a single incandescent beacon of subjective reality in a netherworld of endless absurdity reaching toward a maudlin cosmos of nothingness.

Yours thoughtfully, Carolanne Reynolds, Editor, West Van Matters ph 926 8649 f 484 5992 [www.westvan.org](http://www.westvan.org)
