lease1300@westvan.org      OR      sell1300@westvan.org ?

## YOUR OPINION on 1300-block MARINE DRIVE -- LEASE OR SALE ?

Ccl entered into an MOU to sell the block to Grosvenor subject to approval of the devt. The concept will be presented this fall. Many prefer municipally-owned land be leased, not sold, thus keeping our land assets. If Ccl has no choice (they said it was 'too complicated' to lease [!!!]), then we cd buy land to replace this loss. At an open info mtg in June, over a hundred ppl said they preferred the land be leased instead of sold, some said so in a survey. Apparently not enough for Ccl.

Last week one subscriber wrote:

*There is no one better than Grosvenor properties to explain to you the advantage of leasing over selling. Hundreds of acres of central London make up the Grosvenor Estate. All the buildings within that Grosvenor Estate are on long leases. That is how [one way] the Grosvenor family derived its wealth -- by leasing and gaining back the properties at the end of the lease. It would take a foolhardy municipal council in the provinces not to see that, to be outsmarted by one of the western world's largest property company's on the pretext that a lease is too complicated.*

{Note, however, Ccl's cmte/advisers said it was too complicated and Ccl accepted that explanation.}

**Email your choice (above), lease or sell. If you have already done so, pls ask your family, friends, colleagues to do so.**

## PM honours regiments who participated in the War of 1812

September 14, 2012 Saint-Paul-de-l'Île-aux-Noix, Quebec

Prime Minister Stephen Harper today paid tribute to military regiments who successfully defended Canada during the War of 1812 by announcing that battle honours will be awarded to select regiments with ties to units who won decisive battles in the war.

**"Canada's victory in the War of 1812 was a pivotal point in the development of our great country," said Prime Minister Harper.**

**"During that war, the French, English and Aboriginal peoples took up arms together to achieve a common objective, to resist the American invasion. The ties our ancestors forged laid the foundations of a truly pan-Canadian identity and made our Confederation possible, a country of great diversity with two national languages."**

=== **from the EDITOR'S DESK** ===

+ **TECUMSEH** -- a hero in the War of 1812 fighting for Canada. Hope to have more on him later.

+ **Two strikes so not out?** Within months we've now had two instances that shd hv been foreseen. The so-called 'massacre' of trees at Black Creek was an example of DWV embarking on a project without notifying the public or even the stakeholder groups. Then this month we have citizens upset about the 'closing' of the Horseshoe Bay pier. In the former case, happy to report staff admitted the problem and worked hard to try to mitigate. Thanks to Bruce McArthur, Katharine Steig, Alan Bardsley, and others for their vigilance. In the latter case, many many took to writing letters -- and made positive suggestions that, glad to say, staff is taking them into consideration and plans to have a public mtg (eg pedestrian areas).

So, in both cases, staff have made a 'save' but let's hope residents are included and invited to participate before it's late or too late.

Great to see two mtgs wrt the redevt of the controversial Safeway site. See the Calendar but they're on Monday 24th and Tuesday 25th.

+++ WVM +++

- **SOURCES** -- WVM17 had an article on birth rates wrt Muslim-majority countries (since I've received some rather hysterical email notices that Muslims are swamping Canada). It noted that it was by Doug Saunders, "The unfounded fear of Muslim immigration". Unfortunately the source was inadvertently omitted. For the whole article : <http://www.theglobeandmail.com/news/world/doug-saunders-the-unfounded-fear-of-muslim-immigration/article4498250/?page=all>  
- **TITLES** -- The list so far for 2012 was in WVM17 and you might have noticed some issues had a . or ° or and sometimes an r or an R. These indicate a revised or edited version (different from what was emailed out) from minor to more. Sorry that wasn't explained.

=== WVPD ===

### > DWV Letter a fraud!

On 2012 September 12, the WVPD received information that a resident had received a threatening letter concerning the height of their trees.

The letter, written under an official District letterhead was purported to have been written by a [Municipal] Official and threatened a fine of \$30,000 if the trees on the property were not trimmed to 30 feet.

The District has confirmed that no such letter writer exists and the letter is a fraud.

{Repeat after me: the view is through the trees and/or framed by the trees.}

### > Cops for Cancer

With another public enemy in their sight, the West Vancouver Police Department has once again joined forces across the Lower Mainland and begun preparations to defeat the scourge of childhood cancer.

Cst. Glenn Marshall and Cst. Griffin Gillan, two veterans of the WVPD, will join colleagues from across the Lower Mainland in a **900km ride**, to defeat cancer that attacks children and youth across the Province.

Cst. Marshall said, "Cancer has hit my family in the most devastating way. I won't stop until I have had my chance to hit back".

**Cst. Marshall and Cst. Gillan will depart from Coquitlam on Wednesday, September 19th at 9:30am.**

All of the donations raised will fund world class paediatric cancer research and support programs for children with cancer, such as Camp Goodtimes; a summer recreational camp located in Maple Ridge that allows families, and their children affected by cancer, to seek solace in a caring environment of laughter and total support.

After 15 years of the Cops for Cancer Tour de Coast, a combined total in excess of \$27 million dollars has been raised.

900km of hard road will be traversed between Vancouver, Coquitlam, Whistler, and the Sunshine Coast in order to recover the pledges. Click here to link to a short clip that will demonstrate the struggles of families living with cancer and the challenges they face. This is the inspiration that spurs the cyclists on.

**The West Vancouver community is invited to greet all of the heroes and their support team as they arrive at the West Vancouver Police Department on Monday September 24th at 10am.**

Families and survivors affected by cancer are invited to participate by applauding the riders and cheering them on their way to their next stop and their goal of raising \$6,000 each.

Alternatively, donations can be made easily online at the Cops for Cancer Web site or by clicking here

**ALAS:**

On September 13, an off-duty RCMP officer was shopping in the District and making final preparations for his Tour de Coast bike ride when a callous thief cut the bike from the rack attached to his car.

The white, \$1800, Gary Fisher road bike had been [lent] to the officer to compete in the [gruelling] challenge to aid and fight childhood cancer. It is expected that a replacement will be found in time for the officer to begin his journey.

**Anyone with information on this crime is asked to contact the WVPD and quote file # 12-11027**

## === UPDATES & INFO ===

### + WV AWARDS

At the Sept 17th ccl mtg, Cclr Gambioli played a video (in Reports) urging us to nominate citizens who've contributed a lot to our cmnty. There are three categories for the awards: **art, heritage, and the environment**. **The deadline is 4:30 Friday Sept 28.**

### + Horseshoe Bay Pier will remain open to passenger and emergency vehicles

Based on feedback received from the community, the District will continue to allow passenger vehicles to access the Horseshoe Bay Pier three vehicles at one time. The District is limiting the number of vehicles and implementing other new safety procedures to ensure pedestrian safety and to maintain the pier's structural integrity over time.

WV Mayor, Michael Smith, says: "We received a lot of feedback from the community on this issue. The proposed safety precautions are a great example of the community coming together and working with District staff to arrive at a solution together."

The District is considering implementing the following safety precautions for the pier:

- Installing bollards at the entrance to limit the size of any vehicle accessing the pier;

- Granting priority access to emergency vehicles;

- Restricting the number of vehicles on the pier at any one time to three;

- Installing signage with maximum vehicular weight and rules for driving on the pier;

- Developing a vehicle delineation plan to improve pedestrian safety;

- Monitoring the pier by Parks and Bylaw staff;

- Monitoring the pier's structural integrity and vehicle impact through annual inspections and integrating maintenance costs into the District's Five Year Capital Plan; and,

- Implementing a permit/fee system for vehicle access on the pier.

The District will host a **public information session** to gain perspectives from pier users on what might work best with respect to traffic flow and enforcing regulations before any actions are implemented. **The info session will be held Oct 17 at 6 - 8pm** with the location to be determined. Please visit [westvancouver.ca](http://westvancouver.ca) for location information closer to the meeting.

## === CALENDAR to October 6th ===

#### Christian Peacemaker Teams and Non-violent Resistance in Palestine and Israel

Dr. Mark and Twilla Welch and will present on their experience as delegates with the Christian Peacemaker Team in Palestine and its pacifist, non-violent, multi-lateral opposition to the Israeli occupation of the West Bank Palestinian territory. The presentation will focus on the situation in and around Hebron, one of the most difficult and contested sites in the occupied West Bank. It will be followed by Q&A.

Mark and Twilla Welch are both Psychiatric Nurses with extensive experience in clinical psychiatry, research, teaching, and project development in many countries, including several visits to Palestine. Both have worked with survivors of torture and trauma. Mark worked on a five-month sabbatical with the Gaza Community Mental Health Programme. In March 2011 they went as delegates to Israel and the Occupied Territories with the Christian Peacemaker Teams during which time they were engaged in pacifist, non-violent resistance to the conflict and the occupation of the West Bank. They currently live and work in the Lower Mainland.

> **Early Music Vancouver at Culture Days**

**Friday Sept 28 from 4:30 - 6pm; Christ Church Cathedral. This event is free and open to the public.**

Come listen to the sound of the baroque! As part of this year's Culture Days, Early Music Vancouver is offering the chance to experience an open dress rehearsal for the first concert of our 2012-2013 season, "Mozart à Milano". Come have a look behind the scenes as the instrumentalists of the Pacific Baroque Orchestra, led by the extraordinary Alexander Weimann, rehearse for the evening's performance.

The rehearsal will be followed by a Q&A session with the musicians of PBO. If you're curious about early music and the instruments of a baroque orchestra, this is an activity you won't want to miss! Learn more about this very special music and what goes into creating these concerts. Find out more about this free Culture Days event [here].

> **NATURE WALK****Saturday, September 29th -- Sea-to-Sky Geology**

Take a car tour with Dr. John Clague Saturday 29th September and discover the geology of one of British Columbia's spectacular fjords, Howe Sound. See 100 million-year-old granitic rocks and features left by the glaciers that once covered the area to a depth of nearly 2 kilometres. We will stop at Lions' Bay, Porteau Cove, Britannia Beach, Stawamus Chief, Rubble Creek, The Barrier, and other sites of geological interest along the Sea-to-Sky Highway. If the weather behaves, we will experience spectacular views of the jagged peaks of the Tantalus Range that were once the only peaks that poked above the ice sheet and we may also see the dissected summit of Mt. Garibaldi, our most recently active volcano.

This will be a full-day event by car with one short hike (BC Rail quarry). **Meeting time will be 0900 hours.**

This event will be by registration with a cut-off at about 20 participants. Contact David Cook at 604 924 0147 or [cookeco2@yahoo.com](mailto:cookeco2@yahoo.com) to register and to receive details about the meeting location.

John is a Professor at Simon Fraser University and senior author of the popular geology book Vancouver, City on the Edge. He has been the recipient of numerous awards related to the earth sciences. Most recently he was awarded the Nature Vancouver Kay Beamish Award for Extraordinary Achievement in Nature Education and the J. Willis Ambrose Medal, which is awarded for sustained dedicated service to the Canadian earth science community.

**"The End of Civil Society in Israel: A Feminist View" Hannah Safran and Dalia Sachs, TONIGHT**

**Date:** 20 September, 2012 10:02:57 AM PDT

[From time to time we receive announcements of local events and activities that may be of interest to our members, supporters and list subscribers. We forward them for your information.]

**WHAT: A DISCUSSION OF WOMEN'S RIGHTS IN ISRAEL**

**7pm THURSDAY SEPT 20 -- RHIZOME CAFÉ, 317 E. BROADWAY**

What is it like to be a twenty-first-century woman in Israel today? Join us on Thursday, Sept. 20, at Rhizome Café, when two distinguished feminist scholars discuss "The End of Civil Society in Israel: A Feminist View." **Hannah Safran** and **Dalia Sachs**, both university teachers, belong to "Isha L'Isha (Woman to Woman)," an Israeli centre for pacifism and feminism. They are currently working on projects that aim to reduce the military influence that pervades every aspect of Israeli society and culture.

Sachs and Safran will hold a conversation with the audience in which they discuss their work and address other recent repressive moves by the government and its ultra-religious supporters, like banning women's presence on speakers' podiums and women's voices on radio and invading women's privacy with strictures on their freedom.

"Ultra-religious orthodoxies all resemble one another in the ways they limit women's freedom," says Safran. "It's ironic that this change should happen in Israel, where women once enjoyed more civil freedom and authority than in most countries." "We have seen it happening over the past twenty years," adds Sachs, "in the government, in the streets, and in the universities."

Their appearance is **co-sponsored by Independent Jewish Voices – Vancouver and Congregation Ahavat Olam.**

Come at 7pm to eat and drink; the conversation will begin about 7:30. Admission is \$10-20 at the door; no one will be turned away for lack of funds.

Contact: Martha Roth (733-2237)

cmnty-minded ppl; app their support

allow us to provide service to the cmnty

Sop: good evening, Tim, haven't see you for a while

so, if a call from RCMP to attend?

Tim Jones: lost, stranded, goes to local Police; Police go to prov emergency prog, central or directly

nope other explained ... xxx through central xxx in Victoria; sometimes directly b/c of relnship

Sop: do you do all the rescue work in the backcountry?

other: calls beyond 15 or 20min from NSh, a lot of time we don't do them -- but they're at night and in the wintertime

how far it comes down, usu b/c of snow

NG: one of those ppl who reads the paper and when I read about a kid that goes under the rope, some say 'make them pay'

you don't go that route b/c maybe they won't call you -- is that still our philosophy?

do those ppl ever give you a donation? encourage that?

TJ: cmnty-based; police and amb don't charge; police and fire; cmty decision; reimbursed from the prov govt -- helicopter paid through prov 7:29

we're a response org, second

re Johnny we don't see that much any more

talk about outside the control area

donation, we do get ppl donating to us all over the map

one WV cmnty-minded man, wife got off the trail, we found her in two hours, and we got a \$10K [donation]

recovery from prov; [sometimes] 50 ppl and takes many hours and don't even get a thank you

our way of contributing to the cmnty

MAB: volunteer or paid?

Other: all volunteer

I'm a paramedic so a lot of flexibility on our shift time

a lot of young guys and x on our team so have to work around that

volunteer is a real valued commodity; been proud to maintain that 24/7, proud of that

CC: NSh SAR seeks fund from many sources, Metro, etc; you're not coming cap in hand, you do a lot of fundraising yourselves

TJ: recently made presentation to NSEMO; otherwise wd be here for half an hour

**it costs us \$500K a year to support**

**get direct from Ms about \$50K a year, and about \$23K a year in staff time; rest from other means**

costs infrastructure; from time to time come to Ms for support, always been successful

we are a cmnty-based org and cmnty- based response for the benefit of the cmnty

we're getting good value for

Other: we're not a Maytag team; v serious;; time windows and xxx windows that wd make your head spin

spend a lot of money so we can train; v serious org, v serious work; from priv citizens as well as govt

[CC and Mayor thanked them]

**REPORTS [7:35]**

### **5. Reports from Mayor and Councillors on Boards, Committees, and Working Groups**

> Sop: ran around for a month; culminated 33rd year, first time two-day event

Keith Fenton and David Jones worked v hard, put on an amazing event; they shd be saluted; unbelievable org, efforts put on

projects, salmon-enhancement; ev one of my colleagues here showed up, part of the cmnty spirit, Mr McRadu came out -- had to send him home!

Board decided on two days this year b/c of 100th

Mayor: wd you like to give up rest of your time to give to Keith?

Sop: I was going to speak for 15 min

{mrrrow!}

Mayor: you signed up?

Keith Fenton: Saturday a great day crowds, Sunday not so good but we certainly have made money

going to make an assessment whether two days or not

two days is a big task, much more difficult than one day

Albion, from sockeye to coho -- oceanwise

DJ: sustainable, Haida Gwaii

**KF: ppl given a tag with a number, go to Internet and you cd say what you caught, who caught it and where**

I was interviewed on South Korean TV, think it went well; pleasant to give them an interview

a couple of ladies from California, totally blown away; pleasant to come; gave them a t-shirt; hadn't seen anything like that in Calif

**takes three ingredients: volunteers, sponsorship, and leadership**

want to thank Christie

DJ: staff names [7:41]

KF:

DJ: we are an environmental; Coho Festival primary fundraiser -- largest turnout in our stewardship zone

can't believe I can go to a festival and get so much info

everybody makes a decision ev day that affects the envmt; think ev got that msg this year

**Chief of Police invited to speak in NY; crime reduction 33% over past two years; ask Mayor to ask him to come and share his speech**

**Literacy Day Sept 8**

this Friday -- Lib doors are stormed by our xxx

traditional but also digital literacy

CC: with Lewis and Booth Harmony Arts one of the most enjoyable of the year; thx for coming out

wasn't going to talk about but shd, the federal electoral boundaries; the changes do affect WV, esp on the NV/WV border hearing last week but believe still time for written comments; go to Govt Canada website or google; important; unfortunate over summer

**NG: end of August, WV Hist Soc annual barbecue, wonderful; this coming Sat a big event at Caulfeild**

**"wander through Caulfeild history" hope to see you there from 1 to 5**

**Canoe-gathering event at Ambleside Saturday ago, beautiful event**

**as a mbr of WV Awards Cmte, time to put on your thinking caps of a person or group; outstanding forms are 7:55**

Mayor: two major events, more successful ev year

to me it emphasizes, 100s of ppl how much they like to come out and enjoy the waterfront -- wine, beer, listen to music.....

hope Ccl will make more use of the waterfront than just those two events

MOTION: THAT the oral reports from the Mayor and Councillors be received for information.

all have elevators; ageing in place living; outdoor spaces; trellises; reinforced concrete structure with steel or xxx

xxx; sloped roofs gables

designed in west coast vernacular, large overhangs...; working roofs, flat roofs occupied, few 'roof' roof; to silver LEED standard

landscape architect is here

ev unit own entrance; large amenity area; passive and active recreation for all

Sop: stratified?

Huggins: yes

Sop: any covenants for tree retention? height? cutting and removing?

Geoff Kroll: thx, Mike

the mantra of the Rodgers Crk devt; let the land form the devt

by creeks on either side

eastern edge of lot 9, tributary G was parking lot; creek channel was removed reconstructed and turned into wetland 8:06

no covenants on the site itself except the Devt Permit

on the other side of the site is the boundary of Rodgers Crk; historically was a water line, sewer, xxx ducts and they have been removed and put into xxx

also with a xxx

Sop: reason I asked, Deer Ridge had a tree mgmt plan; went through a process and removed what they had to remove in Brit Prop see trees being taken down at all, does BPP have any covenant? tree mgmt plan?

**GK: any tree in a public space no one can remove a tree**

landscape plan so won't have trees where can block, so down the road won't have dvprs wanting to remove trees for a view

NG: plsd to see sustainability component, heat pumps, etc good

GK: open house last week, had about three ppl come through

NG: your Mum

LAUGHTER {my thought: how/where advertised? I didn't know about it}

GB: Each of the phases, public turnout three to six ppl

NG: talk about it

concept of building cmnty in the Upper Lands

SLIDE

not well defined but pls explain what you've done to build cmnty in the UL

GK: Rodgers Crk tried to address this

east to west, density gets higher; need commercial place -- Cypress Village; mountain path, pedestrian paths; secondary trail system

Parks Dept has finished a beautiful bridge over Tributary B; beams from cmnty ctr

just finishing an activity node between one and two; already ppl up there

cmnty connected; amenities we're putting in

NG: a "cutting" garden -- pls explain

NAME?: landscape architect: an open space with cmnty gardens

feedback from staff wrt bears so the concept now is raised beds and when strata in place they can adopt a pot, cut flowers to take into their homes

NG: part of building a cmnty is having a corner store instead of driving to Marine Dr know there's a restaurant

GK: not enough density for a corner/convenience store

WG did discuss that; until density you'll see in the western part of the economics; village where you'll see that

TP: we're here to regulate the form and xxx so interested in the public consultation

design criteria seems you're working toward that

CC: bldg, asking BPP a functioning cmnty

wd like to see more density so more services; get water up and sewage down and more economical if more there, more density

cluster housing you're building less impactful than sgl-fam housing there now 8:18

architect shd be congratulated

another thing I really like, absence of gates

keep moving in this direction

Mayor: public input?

None.

got rid of dangerous trees and ????

maybe a policy of WV District

Mayor: is that your question?

[laughter]

TP: is it under what's allowed?

GB: yes

TP: guarantee be planted as we see?

GB: when we review the xxx landscape plan and we'll follow up

NG: on the consultation side

notification sent to all owners within 50m, so will that be done after today?

MCIk: notification was mailed on Aug 23

{HAND UP in gallery}

Mayor: hang on there if we can get through the questions

64 trees, 42 coming down; remaining? 1/3 to be retained

for how long will they be retained; any assurity [sic] be retained in the future?

Ans: the majority are in the yard, all been sawn off; healthy trees to 3 or 4 metres then sawed off

looking at more trees suitability, long term

often trees outgrow trees

intention to plant trees that will be there for the long term\*\*\*

NG: owner is not here tonight so you'll ask?

close to being maxed out?

this house will be almost 3K+ -- **why does your client need such a big house?**

**Mayor: not appropriate**

**NG: relates to variance**

**Ans: wd still need this size**

no way to get driveway down

Engg only allows for driveway slopes; form of the house is v wide but v shallow if you look at footprint; create void spaces underneath; we're adding a basement structure

CC: about public consultation process

mailed out Aug 23, a few days, end of summer; a bit concerned about abbreviated time

and 50m radius rather narrow -- is that in accordance with our bylaws?

{in those/some areas few ppl in 50m, needs to be a greater area -- maybe have a guideline of an area with a certain number of inhabited homes}

GB: to MCIk

MCIk: actually in accordance with the

100 m for xxx {get this 8:31} xxx

**CC: wd be politic in future, extra days esp at end of the summer**

**suggest out of sheer good nbrliness**

**{right!}**

GB: that is the formal notification under bylaws; we do encourage they talk with their nbrs (can't write that into law)

Ans: no contact with nbrs

although xxx; still below road; xxx [8:33]

we reviewed it; don't have an aerial here

CC: a good idea

impactful; need to reassure ppl; able to identify issues so not surprised

Ans: made this applic last Oct; shd hv been done as part of the design process

ML: mixing things; if we want to change procedures, shd do separately; xxx

Mike Blomfield: a little surprised I received three copies today and we collect daily

welcome the house; worried about our view to the west

Ans: we can review it in the hallway

TP: in favour although large attractive [???

MOTION: THAT all written and verbal submissions be received for information.

CARRIED

MOTION: THAT the DPA which would allow for **construction of a new house with variances for height and number of storeys and driveway retaining walls with a height variance, be approved.**

**8. Memorial Library 2011 Annual Report (File: 1900-10)**

*PowerPoint presentation to be provided.*

{This was a v gd presentation with slides. You can watch it all on the DWV website, starting at about 8:38 during the mtg. Some of the main points are below and we've put the whole thing at URL:

<http://www.scribd.com/doc/106554575> }

It's my pleasure to share with you tonight our 2011 Annual Report.

If I could just sum up in a few words what I'm about to share with you, it's that the West Vancouver Memorial Library continues to be one of the most popular libraries in the province.

**Based on the most recent statistics produced for the province, the West Vancouver Memorial Library had the highest circulation per hour open of any library in British Columbia .**

That's a reflection of the innovative ways that we are reaching out to our community, whether it be in welcoming newcomers, delivering personalized service to our homebound patrons, creating new collaborative spaces for our different users, or by offering new and innovative formats like free downloadable music, interactive language learning courses from home, downloadable newspapers from around the world, preloaded Kindle readers with various titles, Playaway pocket-sized audiobooks, and so on.

Let me share with you some specifics. ...

**In 2011 app. 905,000 people visited us either in person, or online. That's about a 7% increase over 2010.** ...In November 2011, we welcomed 50,548 visitors through our doors, making it the busiest month since January 1997. ...

{Methinks the Nov M election wd hv had something to do with that.....}

Circulation:

**...based on the latest figures available for the province, WVML has the highest circulation per capita of all [libraries] within British Columbia....**

Our home page visits in 2011 were up 12% over 2010. And as you saw in the last chart, the traffic for downloadable book and music has increased 90% over the last three years....

Electronic enquiries were up 121% in 2011....

While those numbers are very important, we continue to be aware of the growing population of Seniors within our community who no longer have easy access to the Library but who continue to be avid readers.

To address their needs, we have a robust Homebound Service that delivers audio and print books as well as [CDs, DVDs,] magazines, and puzzles.... The growth [in] this area is 10% greater than activity levels in 2010....

None of this would be possible if our Library Staff weren't Leaders in their profession. **WVML was the first library in Canada to lend e-readers**, launching a very successful Kindle program in 2010. Now, 20 of 42 BC Libraries surveyed have adopted an e-reader lending program....

...The comments from our senior population who have told us of the joy they get from the various formats such as Talking Books, & Large Print and from our Home Delivery Service, ...

Your Library has managed these changes and increase in demand with no increase in staffing and with a 0% public funding budget. However, I'd be remiss if I didn't acknowledge the ongoing support of our own Library Foundation and Friends of the Library who are critical to some of the many enhancements to our collections, programs, and the facility itself. ...

These numbers and more details of the achievements I've noted here tonight can be found in our [ten-page] booklet which is available here and which will be available on our website for easy access. You'll find it under REPORTS in the ABOUT US tab.

Thank you to all of you, Mayor and Council for your support of our wonderful Library and thank you for allowing me to share these successes with you tonight.

CC: thank you for all your work you're doing

[Report be received for information.]

Mayor: thx Ms Bergen, one of WV's success stories

## 9. Horseshoe Bay Pier: Limiting Passenger Vehicle Access (File: 2160-05-HBPA1)

*Attachments available for viewing in the Legislative Services Dept.*

Mooi: staff received report stress to structure

xxx capacity for continued structural integrity

staff investigated options summarised in the report

overloading issue

survey mid Aug to Labour Day

many responses, became clear under-estimated the inconvenience to the users; access, watertaxis

letters concerns and suggestion; thank them, much appreciated

subseq with risk mgmt dept re potential overloading

this ccl report; signage and public input/???mtg

sightseeing and walking; to other island

divestiture July 2001 fed govt \$250K ? for upgrade

HBay waterfront WG -- work done

transformed from xxx

to light transp and [8:59] ...; staff will bring forth; xxx and two watertaxi xxx

some of the writers' recommendations

I Haras:

John Low: WV res; rec prop on Keats; vested interest in both props

serious impediment to islanders

we've proposed a safety area, a yellow line; heavy vehicles prohibited

we'll be happy

allowing light vehicles?

Mooi: that is correct and we will be having a public info session to get input from all ppl who wrote to us and get their

suggestions

JL: thank you

Bruce McArthur: no particular thoughts one way or other but do have concern the way this current proposal is being put together

just went down before coming here; there's a sign saying max weight 48Kgs {yes, he said 48}, max, three vehicles loading and unloading -- that sign has been there for five years at least

if the loading probs are greater than this forty eighty Kgs {yes, that's what he said}, then **we have an enforcement prob** {yup; exactly}

**no sense changing anything than what you have at the moment**

**three signs there; one mentioned, the other sign at the end of the dock says 'no material loading or unloading' wch has a bylaw reference number, not bylaw reference to the weight; and another sign recently attached:**

**'emergency and authorized vehicles only'**

**signage in place and we still have a prob, I wd suggest the soln is better enforcement [rather] than putting more signs**

Chris Ashton (?): live in historic Caulfeild and hope we see you this coming weekend; spent over 40 years commercial fishing

knowledge how important those facilities are

also some property on Gambier Island

transportation links

letters good suggestions

hundreds and hundreds of ppl it serves year-round; not just residents but church camps; school outings

this dock provides a vital link

**responsibility notifying the public about the dock; noticed the sign just after it went up and almost no one saw that sign**

ppl, cmny groups quite surprised; sign against a railing and small ad in NSN

appreciate recommendation to keep open, going forward

Mayor: Corinne, take questions?

ML: was actually going to speak to this in Corresp before I realized this was being brought forward

want to comment staff on process; in July got 40 or 50

Mayor: you're twisting this into a question, I presume

ML: ccl and staff have heard the concerns of the cmnty and hv made changes want add'l feedback, and then go forward

hope this is a reflection that M govt actually does listen

CC: about structural integrity? what's cost for maintaining? ten yr capital cost?

I Haras: short, med, long term

**year one ~ \$15K; year two to four ~\$105K; year six to ten \$85K to 135K range**

**{hm -- is year five free???**

mostly structural, pile replacing, reg inspections

CC: cumulative figures, so going to cost us \$290-305K; each can hold 9000Kgs

IH: right

CC: car is 1600Kgs and SUV 2300Kgs; clearly being loaded well above max weight

do we know what's causing this amt of weight? can't fit three on one

IH: 9000Kgs sounds a lot but a large freight {straight?} truck loaded with xxx {unintelligible}, tip the scale

looked and saw stress; vehicles had been on the pier at more than 9K

CC: if two panel vans, or lighter vehicles we wd never have exceeding this max capacity

IH: correct

CC: so we have to

IH: yes

Sop: remember 1999

Mayr: question again?

Sop: Lewis

**Mayor: xxx**

**Sop: it's not xxx**

**let me get on with it, okay?**

**{mrrrow}**

**annual cost?**

IH: need that engg report to get that capital cost

maintenance, don't have exact figure, more worried about bigger investments we'd have to make over a period

Sop: pilings, railings; treated lumber; what's the safety concerns?

wood rotting xxx

IH: it's the overloaded vehicles

vehicle ped interaction; potential there for some conflicts

Sop: comment that staff are doing the right thing

moving things out to their cabins

WG looked at sev initiatives; intention to use in any way, shape, or form in an outing

sensible passage and doesn't think that shd ever change

fee in future but don't see it

TP: you now have a base line; so doing annual checks so costs over ten years?

IH: annual inspections, see if still oversize, will xxx

Mayor: vision clear

Mooi: collection of signage there that doesn't make sense so we'll xxx [9:16]

**MOTION RECOMMENDED: THAT the Horseshoe Bay Pier remain open to passenger vehicle traffic, with new safety procedures in place, to ensure pedestrian safety and to maintain the structural integrity of the pier.**

**{to some laughter}**

MAB: had 42 submissions; I too was impressed with staff's reaction, responding with all the recommendations

permit issue? perhaps an opp to monitor, put some money aside, much as we've done with the sports fields  
want to see its ongoing use

ML: I have nothing to add that wd add to this silence

TP: xxx look forward to stakeholders engaging further with staff

CC: remains a working pier; have to make it so so support the motion

how are we going to pay for it?

\$300K bill for next ten years plus maintenance; used by WV and other ppl but they don't pay

shd be user pay more equitable

soccer field he pays ?????? xxx

{laughter}

they're going to police it themselves

can't have a M staff person sitting there 24/7

hope we'll keep xxx

will support and hoping staff will come back with a plan to pay for it

NG: trying to think of something different to say

somewhat humorous, had some of the most useful and humorous responses I've heard

maybe put a sign drastic

get

instead of mtg and no one shows up

that's the way our democracy shd be working

staff really busy over the summer; survey of over 200 ppl at the pier

this is the sort of thing staff gets thrown at them; some say govt works slowly

thrown into the mix, didn't know we/they had to work on for past six weeks

**Mayor: are we actually going to have... that Sop is not going to comment on**

**Sop: xxx**

**with that I have nothing more to say**

CARRIED [9:23]

**10. Rezoning Application No. 11-058 / Zoning Bylaw No. 4662, 2010, Amendment Bylaw No. 4737, 2012 for 650-16th S (Westshore Place)** (File: 1010-20-11-058 / 1610-20-4737)

**12. OTHER ITEMS**

Ccl has requested that the following correspondence be brought forward for discussion, and may propose a motion if Ccl considers that further action is required.

**12.1 D. and S. Williams, July 23, 2012, regarding "2087 Kings Avenue"**

(Referred to Director of Planning, Lands and Permits for consideration and response)

MAB: have seen it happen before how???

Sokol: same zone

treat all sites overall the same

as devt occurs it blocks views

reflection on zoning bylaws and how they work; speak to nbring prop owners

legislation does not require them to do that

MAB: when setback established, were the changes made?

equal distance from prop line and now variations

ev was happy with their nbrs now getting deviations

Sokol: in general if you go back more [MODES?]

set back

the zoning bylaws that have been in effect for 30 years only require setback a BIT from

now prop values, ppl purchase want to maximize size, etc

now houses having their views blocked xxx

Mayor: provincial?

**not unreasonable to consider nbrs?**

**you say we have no right to enforce them to do that?**

Sop: v gd point, I've met with those ppl

someone's did seem to move forward; inching forward, coming to this Ccl

wdn't it behoove the Planning Dept to say to a prospective resident

adopt a policy rather than a bylaw that wd encourage visitation to the nbrs to make a suggestion or two

it's so overpowering to see a house come in and vegetation removed; it xxx on ppl

if this

are we going in the right direction?

nbrs who have xxx

wait a year, clear the lot and put up a big house; xxx

so you don't stick a house out

why?

NG: excellent idea, I agree

Ccl Booth has pulled a letter like many letters we have received over half a year

sight lines

but this is huge; bigger issue; it's a policy issue, it's about bringing down the size of homes in

shdn't be afraid to talking about this

with Ccl, with Planning Dept

believe Cclr Sop was also suggesting

CAO: really about the Housing Dialogue; talking for a while

**when you follow the proposal by Mr Geller and by Mr Davis, ability to create a smaller home, more affordable in**

**this cmnty**

**open up again the discussion nbr character and affordability**

quantity of a house you can put on a lot

we are going to open up again lanehouses, row houses

xxx [9:37] have a workshop

where did the housing dial start? where did they expect it to lead to?

fair amt done this cmnty and other cmnties

round MetroV -- looking at the price of land they look at building as big a house as they possibly can  
economics -- v difficult

shd do over next few weeks, before Xmas, where you want to go with this

**TP: in light of this letter pulled up report 2008, an award-winning doc**

not nec to go out and debate again, bring xxx forward

excellent information in here; wishing to explore ways to

look at the report

**MAB: perhaps helpful in the workshop to involve the mbrs of the WG; the doc has a lot of life to it but useful to get direct feedback**

**CAO: already had conversation with former chair, Christine Banham**

**willing to open up workshop, give context; bring some others in pros and cons**

**Sop: better than just look at a coach house**

**not interested in old WG, new with that in background**

**staff present us with ideas**

**sat and listened and done nothing as in coming to a decision**

**wd like to see in this 2012 some logical directions in 2013**

may not be perfect but good [9:42]

[yup]

CAO: already having xxx

> 12.2

CC: Mr Fry re knotweed

**issue topical; injecting with herbicide -- saw; a lot of ppl have it on their prop**

**spreading from private prop**

**doc invasive plant species**

**only way to treat is injected and can only be done by a licensed applicator**

concern about priv prop

says nothing about disposing it in your green waste, to xxx, sold back to us as soil and so comes back as knotweed

can't put knotweed in greenwaste

Mooi: coming Oct 15 re xxx

looking at best practices; Japanese knotweed and giant hogweed

working to address this serious probl

been addressing in our parks; working with priv residents and we give them the name of a licensed contractor

v well received by residents

to Cclr C's

do not dig up Japanese knotweed, will be distributed

if you are digging, double(?) it for now; mixed feelings about digging up knotweed yourself

ML: at cmnty ctr and Library find but wider -- getting in mail box

Mooi: good idea

[moved received: 12.1, 12.2; 12.3?]

### **13. Public Questions and Comments**

Mayor: think we have your address memorized

Bruce McArthur [re invasive species]: along Dept of Hwys; notify them not treating correctly

Mayor: Mr Fung?

RF: a number of methods for controlling; **the one M has taken is stem injection however other jurisdictions have used spraying**

**I can share that with our Hwys operator**

**wrt the way we're doing it, there is also other means**

**BMcA: enforcement**

**If I see four vehicles on the wharf in HBay what do I do about it?**

**Mayor: contact Bylaws**

**BMcA: go and talk to him?**

**Mayor: Mr Leigh**

BMcA: xxx

Mayor: you mean we put a sign up and don't enforce it?

BL: bylaw then we wd

> Dave Patrick: been sitting here for two hours so got to say something

down there ev day to see what's going on

congratulate the Royal SAR; they're happy with the arrangement; wonderful ofc

congratulations to the Parks Dept for getting that

as far as the possible damage b/c of traffic

we've all worked so hard to get that

complete support of the WRA, and workshops

Dir/Planning said more workshops on getting nbrhds, housing changes

Barb Pettit re ageing in space, our director; sure of our support

# = COUNCIL MEETING AGENDAs September 17 =

## + IN CAMERA AGENDA

6:00 PM IN THE MUNICIPAL HALL MAIN FLOOR CONFERENCE ROOM

The special Council Meeting will commence in open session in the MFCR and will be immediately followed by a motion to exclude the public in order to hold a closed session... At 7pm the regular Ccl Mtg will commence in the Council Chamber.

1. Call to Order.

EXCLUSION OF THE PUBLIC

2. RECOMMENDED: THAT in the public interest, mbrs of the public be excluded under the following section of the Cmnty Charter.

90. (1) ... may be closed to the public if the subject matter being considered relates to or is one or more of the following:

(g) **litigation or potential litigation** affecting the municipality; and

(k) **negotiations and related discussions** respecting the proposed provision of a municipal service that are at their preliminary stages and that, in the view of the Council, could reasonably be expected to harm the interests of the municipality if they were held in public.

Purpose of meeting: legal and proposed provision of municipal service matters.

3. ADJOURNMENT

## + PUBLIC HEARING AGENDA MONDAY, SEPTEMBER 17

7:00 PM -- IN MUNICIPAL HALL COUNCIL CHAMBER

1. CALL TO ORDER

2. PUBLIC HEARING

**Zoning Bylaw No. 4662, 2010, Amendment Bylaw No. 4726, 2012**-(File: 1610-20-4726)

The Director of Planning, Lands and Permits will describe the subject application.

Applicant: The District of West Vancouver

Subject Lands: The proposed Bylaw amendment applies to the **lands located between 2597 and 2601 Marine Drive.**

Purpose: The purpose of the proposed Zoning Bylaw amendment is **to create a new Comprehensive Development zone to provide specific zoning regulations for an area of municipal road that is proposed to be closed, sold, and developed as a single family house.**

Proposed Zoning Bylaw Amendment: If adopted, the proposed **bylaw amendment would create the new CD48 (Closed Municipal Roads) zone, and rezone the lands located between 2597 and 2601 Marine Drive. The lands could then be subdivided to create a proposed single family house lot over part of the rezoned area and maintain a public walkway.**

3. PUBLIC HEARING PROCEDURE

Mayor Smith will describe the procedure for the Public Hearing as follows:

#### 10. Upper Lands Study Review (File: 2570-01)

*{Pls note:*

*The original agenda AND the agenda in the MHall lobby ONLY had "Information to be provided", however these recommendations appeared on the screen when No 10 came up on the screen. I follow the printed agenda wch I pick up on my way in so I had no idea of what was planned as recommended below. Had I known, of course I wd hv asked questions or signed up to speak. I was a mbr of the CEC for several years (it has not met for a couple of years) and this is varies from the previous composition so I had to speak at PQP.*

*Furthermore, unless urgent, items used not to be put on the agenda without the documentation and recommendation. Hope they go back to that. Things slide and former CAO Dave Stuart had to put his foot down.}*

RECOMMENDED: THAT

1. Council appoint the Mayor and two Councillors to the Community Engagement Committee.
2. The Draft Terms of Reference for the Upper Lands Study Review WG and the recommendation for the establishment of the WG be referred to the CEC for their review and approval.
3. Ccl direct staff to advertise for mbrs of an ULSR WG and to make recommendations to the CEC on potential WG mbrs.

Come and learn about the current situation – what underlies it. And we will look for hope for change.

### === War of 1812 === PM's remarks (continued)

In commemoration of the War of 1812, the Prime Minister announced the awarding of Battle Honours that will commemorate the contribution of regiments who participated in successful engagements in the defence of Canada during the War of 1812.

While in Saint-Paul-de-l'Île-aux-Noix, the PM announced that first, the Theatre Honour "*DEFENCE OF CANADA – 1812-1815 – DÉFENSE DU CANADA*", will be awarded to current regiments of the Canadian Army in Ontario, Quebec, and Atlantic Canada that perpetuate or commemorate 1812 units that participated in a successful engagement against an armed enemy during the war.

In keeping with Canada's policy of military perpetuation adopted after the First World War, this honour will be able to be placed on the Colours of the regiment to honour the soldiers who are key part of Canadian history. This honour, which recognizes the deeds and sacrifices made by these soldiers, will allow the current unit to act as the safe-keeper of their heritage.

To further recognize the participation of units in battles that were particularly pivotal for the defence of Canada, those regiments linked to six decisive engagements of the War of 1812 will also be able to place these very specific, new Canadian battle honours on their regimental colours. These battles are: Niagara, Queenston, Maumee, Châteauguay, and Crysler's Farm and, as previously announced, Detroit.

The regiments of the Canadian Army that are being recognized through these honours are:

The Queen's York Rangers (1<sup>st</sup> American Regiment) (RCAC); The Sherbrooke Hussars; The Royal Canadian Hussars (Montreal);

56<sup>th</sup> Field Artillery Regiment, RCA; The Royal Canadian Regiment; Royal 22<sup>e</sup> Régiment; The Canadian Grenadier Guards;

The Black Watch (Royal Highland Regiment) of Canada; Les Voltigeurs de Québec;

The Royal Hamilton Light Infantry (Wentworth Regiment); The Princess of Wales Own Regiment; The Lincoln and Welland Regiment;

The Brockville Rifles; The Stormont, Dundas, and Glengarry Highlanders; Les Fusiliers du St-Laurent; Le Régiment de la Chaudière;

Les Fusiliers Mont-Royal; 1<sup>st</sup> Battalion, The Royal New Brunswick Regiment; The North Shore (New Brunswick) Regiment;

The Essex and Kent Scottish; The Royal Newfoundland Regiment.

On the occasion of the dedication of the monument to Major General Sir Isaac Brock at Queenston Heights in 1853, William Hamilton Merritt, who had served as a young militia Lieutenant at that battle, requested of his audience that the importance of that sacrifice not be lost on the rising generation.

It is in that same spirit that the Government of Canada has honoured regiments of the Canadian Army that are linked to the War of 1812. These proud regiments will now carry on this illustrious history with pride and dedication for the generations to come.

#### === LANGUAGEWATCH ===

Although Egyptians abandoned Demotic more than 1,500 years ago, taking up Coptic and eventually Arabic, Dr. Johnson said the dictionary showed that the old language was not entirely dead. It lives on in words like "adobe," which came from "tby," the Demotic for brick. The term passed into Arabic (with the definite article "al" in front of the noun) and was introduced into Moorish Spain. From there adobe became a fixture in the Spanish language and architecture.

#### Presentation: Combining Heritage & Housing in Delamont Park

##### Conversations about Endangered Sites series

~ 7 to 9pm ~ The talk will be held at the Arts & Culture Alliance—#100-938 Howe St. (street level)

Tix: Admission is free, but registration is required via Eventbrite & limited to 35 people

Heritage Vancouver invites you to participate in an evening of conversation about the future of Delamont Park.

Guests, City of Vancouver **Councillor, Geoff Meggs**, artist and historian **Michael Kluckner**, and architect **Sean McEwen** will discuss what we could do with this remarkable stock of city-owned heritage buildings. The boundaries of the city's Delamont rental houses, the oldest houses in Kitsilano, are Arbutus in the west, 5th Avenue in the north, the CPR tracks and Cypress Street in the east, and 7th Avenue in the south. The city-owned properties extend along the CPR tracks to Burrard Street in the east and Broadway in the south.

As with Mole Hill and Barclay Heritage Square in the West End, the city originally purchased the Delamont properties with the intent of tearing them down for alternative uses. The city purchased this land along the route of a proposed arterial roadway to the Burrard Bridge; later the houses were to be demolished to create a park. Fortunately neither of these plans was implemented and we now have an amazing stock of heritage homes, gardens, trails, and streetscapes within Kitsilano. Come and contribute your ideas to the future of this area.

# QUOTATIONS / THOUGHTS / PUNS

When you arise in the morning, give thanks for the morning light, for your life and strength. Give thanks for your food, and the joy of living. If you see no reason for giving thanks, the fault lies with yourself.

-- Tecumseh, Shawnee Chief (1768 - 1813)

In this world hate never yet dispelled hate, only love dispels hate. This is the law, ancient and inexhaustible.

-- Buddha, in the Dhammapada (circa 563 BCE to 483 BCE)

The good thing about democracy is just this: everyone can say their piece but there's no need to listen to them.

-- Enzo Biagi, Italian journalist (1920 - 2007)

**The best people possess a feeling for beauty, the courage to take risks, the discipline to tell the truth, the capacity for sacrifice. Ironically, their virtues make them vulnerable; they are often wounded, sometimes destroyed.**

-- Ernest Hemingway, author and journalist, Nobel laureate (1899-1961)

I've been on a calendar, but never on time. -- Marilyn Monroe, American actress (1926 - 1962)

Whenever people agree with me I always feel I must be wrong.

-- Oscar Fingal O'Flahertie Wills Wilde, Irish writer and poet (1854 - 1900)

Knowledge is the wisdom to realize you know nothing. -- Socrates, Greek philosopher (c469 - 399BC)

Where do pancakes live? In a flat.

Helicopter rescue pilots have the most successful pick-up lines.

The circus strongman had a brief affair with the contortionist, but she broke it off.
